

To Samantha De Sedhorst;
Regarding a request for 8 ft. fence.

I suppose changing my 6 ft. fence to 8 ft. because of my neighbors privacy issues. My back yard is not very deep. It is well landscaped with flowers, shrubs & trees. My neighbors could do the same, or build a trellis, pergola or some sort of blockage instead of insisting all their neighbors having an 8 ft. fence.

The Higgins property is lower than ours. They have a retaining ^{wall} on the other side of my fence. They have large trees & their fence, are on top of this wall. My fence & theirs are separate, with a space of about 4 inches. The Higgins want 8 ft. all around their property & it of course will leave me with two side fences of 6 ft. Please come & look at this situation.

Respectfully,
Majorie Meller
