To the Honorable Mayor William M. Mills & Mona City Council,

We have examined the annexation petition from Randy Brooks Barnes Bullet (BCR), requesting that certain property be annexed into Mona City. The area requested is contiguous to the existing city limits and does not create or leave an unincorporated island or peninsula. The area location is 38 North Frontage Road.

The petition contains the signatures of the owners of at least 100% of the private land area within the area proposed for annexation. The land owned by the signers of the petition contains at least 100% percent of the value of all private real property located within the area proposed.

The accompanying plat or map (which has been prepared by a licensed surveyor) of the area proposed has been received, and named the Barnes Bullet (BCR) Annexation request. Randy Brooks has been designated as the contact sponsor.

Our records indicate there are no previously filed annexation petition request on this property.

This letter **certifies** that the annexation request complies with the legal requirements and is official notification of such.

Sincerely,

Lyla R Spencer -CMC
Mona City Recorder
