

**Sterling Town Council Meeting  
February 19, 2019  
7:00 p.m.**

**Present:** Mayor Randall Cox; Council Members: Yvonne Larsen, Kendal Voorhees, Doug Ludvigson; Clerk/Recorder, Stacey Lyon.

**Town Members Present:** Ernie Martinez

**Others:**

Meeting is called to order at 7:00 pm.

Mayor Cox, Town Council, and the audience stand and recite the Pledge of Allegiance.

**Roll Call:** Doug, here; Yvonne, here; Marilyn is excused; Kendal, here; Mayor Cox, here; and Stacey is here.

Minutes from January 15, 2019 meeting were read by Mayor Cox and the Town Council. Stacey also presents revised minutes for December 18, 2018. The wrong bills were listed on the approved minutes. Stacey corrected them.

Yvonne makes the motion to approve the minutes from December 18, 2018 as presented with corrections and January 15, 2019 as presented; Doug seconded the motion, all in favor, the motion carried. Votes were cast as follows: Doug, aye; Yvonne, aye; Kendal, aye.

**Doug**

- Doug is trying to figure out the water situation with the Mogle subdivision. He talked to Darren Pead and he believed that John Mogle was allowed 3 culinary water connections and then there needed to be underground well water turned over to the Town. Stacey remembers being told that Mogle was allowed 6. After Doug did some research it showed that John Mogle transferred 5 acre feet of underground water to the Town. Doug also questions what water the Town was given for other outside water connections. After some discussion it was determined that Doug will continue working through this issue so it can be resolved.

**Yvonne**

- The returned checks that Yvonne talked about last month have been cleared up and paid in full.
- Yvonne wonders if anybody has done anything about finding somebody to take care of the lawns for this summer. Mayor Cox will talk to the Fowles again and get an estimate.
- Yvonne talked to Lowell Draper and asked him about the solar light for the flags at the cemetery. He told her that we could get a new one from Central Electric Supply with a warranty.
- Yvonne would like to use the revenue above and beyond expenses from the July 24<sup>th</sup> Celebration to put toward the park equipment.

- We have had input errors with the 10 new meters that have been installed. The readings showed the accumulated amount rather than the actual usage. Yvonne has contacted the residents it affected and adjustments will be made on the next billing cycle. Yvonne wonders if we need to get some kind of agreement with the stock water regarding whatever is ran through the meter is their responsibility whether they or somebody else used the water.

#### **Kendall**

- Kendal has been working with Zeb on the Planning Commission regarding the property in the creek bottom. The County Zoning had let Stacey know that is was against ordinance to have sheds without having a home on the property. Zeb checked the Town's ordinances and it does not state that in our ordinances. They will keep working toward a solution.
