Michelle will check on how many Public Hearings the city will have to hold in order to receive public comment on selling the city hall and old fire station, applying to CIB and raising property taxes (if needed).

Jerime Ivory is concerned if the citizens input would have any influence on the Mayor and the City Council. The Mayor stated that their input would definitely be considered.

All agreed that the city would need to have all the numbers and paperwork ready to present to the public in order to hold the public hearings.

The Mayor will move ahead with the floor plans.

The Mayor did voice concern about the Lamb Day Softball/Sheep Show committees.

Mayor Wood wanted to know what the City Council wanted to do with the complaints regarding the policies, rules, choosing committee members etc.

After much discussion, it was decided that the Mayor and City Council would meet (after Lamb Day) with each committee to review the complaints and become familiar with their rules.
