Consideration of Resolution 2019-009 In Support of Human Life – Council Members Jared Moody and Jared Bollinger

Council Member Jared Moody stated that during the last City Council Meeting, they had heard from many people in the community who want the Council to pass a resolution supporting human life. Since that time, he did some work and found some wording that they liked and could agree on. They sent that wording to Council Member Jared Holt who came up with Resolution 2019-009. Mr. Moody read the resolution for the audience.

He said that they decided that a petition was not needed because after talking with others, they think there is a majority of the citizens of Enterprise that support this resolution.

Council Member Jared Bollinger said that he called some other towns that had approved or were considering a similar resolution. He is proud of the work and effort that was put in to coming up with this resolution so quickly. He wanted to clear up the misconception that it should have only taken a week for a resolution like this to pass. The three cities and the one county that have passed similar resolutions took much longer than.

Council Member Jared Holt said that the City Council members were elected to represent the views of the community and by adopting this resolution they are.

Council Member Jared Bollinger made a motion to pass and approve Res. No. 2019-009 In Support of Human Life. The motion was seconded by Council Member Ron Lehm and unanimously approved by voice vote.

Consideration of Appointment of Attorney Bruce Jenkins as Appeal Authority – City Administrator Adam Bowler explained the difference between an appeal authority and a board of adjustment. Having an Appeal Authority will give both the City and the person appealing a land use decision a legal review of the situation before it turns into a court case. Based upon the application process and the recommendations of our City Attorney, Heath Snow, Bruce Jenkins was selected.
