A. WORK MEETING Non-Action Items 7:00 PM

Before the Engineer began discussing the Impact Fee Study, Monica Bowcutt, Town Clerk stated there were 2 emails she wanted to discuss.

One was regarding the ZRC Trail Committee and wanting Virgin to be involved. LeRoy said he would be willing to take on the responsibility of those meetings.

The second was from UDOT regarding the Main Street/Highway project. There is a survey they asked for anyone representing the Town to take this survey. Monica gave each council member a copy of the email with the link to the survey on it.

Mayor Spendlove wanted to inform the council about the water line coming from Tony's Wildflower project to the Highway. This will benefit the Town as well. Matt wants it put out to bid ASAP.

Matt also updated the council on the paving of 50 S. 625 W. He explained it is on hold for now because of the concerns the residents on that street have expressed.

Rod Mills presented his draft of the Impact Fee Study to this point reviewing each section; Water, Parks, Roads. He also showed the council the current amounts for fees and the possible future amounts the fees will be.

There was discussion of each of these to understand where the new fees are coming from.

LeRoy moved to adjourn, Kevin 2nd, All AYES.

Meeting adjourned at 8:40 PM.

Monica Bowcutt
Town Clerk
