Present: Mayor Brian Florang, Council Member Holly Joseph, Council Member Justin Rowlette, Council Member Ray Searle, Council Member Chris Palmer
Town Employees: Anthony Hathaway, Mindy Maydole
Public Guests: Ruben Partridge, Joy Partridge
Town Clerk: Tresa Martin

COMMUNITY DEVELOPMENT BLOCK GRANT PUBLIC HEARING:

Mayor Brian Florang opened the public hearing for the CDBG program and stated that the purpose of the public hearing is to provide citizens with pertinent information about the Community Development Block Grant program and to allow for discussion of possible application for the 2020 funding cycle. It was explained that the grant money must be spent on projects benefiting primarily low and moderate-income persons. The Six County Association of Governments, in which Hinckley Town is a member, is expecting to receive approximately \$480,000 in this new program year. All eligible activities that can be accomplished under this program are identified in the CDBG Application Policies and Procedure Manual and interested persons can review it at any time. Mayor Brian Florang read several of the eligible activities listed including examples, such as Construction of public works and facilities, e.g., water and sewer lines, fire stations, acquisition of real property, provision of public services such as food banks or homeless shelters. Mayor Brian Florang indicated that in the past Hinckley Town has received grant money to improve the town water system, park playground and rodeo facility. The town has handed out its capital investment plan as part of the regional "Consolidated Plan". This list shows which projects the town has identified as being needed in the community. It was asked that anyone with questions, comments or suggestions during the hearing please identify themselves by name, before they speak. The clerk will include your names in the minutes, and we would like to specifically respond to your questions and suggestions during the hearing. There was no public comment. Council Member Chris Palmer discussed the following project ideas: generator at the treatment plant, looping town water lines, installing a bulk water station, as well as installing sewer laterals and a lift station for Clydes Dell Subdivision. Mayor Brian Florang asked if there were any other suggestions? The hearing was adjourned at 7:17 pm.
