**AUTHORITY AND LINDSEY SOFTWARE SYSTEMS, INC. FOR CERTAIN
SOFTWARE AND RELATED SERVICES**

Karen Lang, Chair, presented proposed Resolution 19-03 that would approve an agreement between the Housing Authority and Lindsey Software Systems, Inc. for certain software and related services.

Written documentation previously provided to the City Council included information as follows:

The West Valley City Housing Authority is requesting approval to enter into a contract with Lindsey Software. We request approval to enter into this contract of \$36502.00 for new housing software. This amount includes the initial set-up and fees along with the maintenance of the software. The contract also includes an amount of \$16502.00 annually for the second and third years.

In order to meet federal standards and maintain our "High Performer Status" with HUD. The housing authority requires specific software. We researched and demoed several different vendors. Lindsey software far exceeded any of the other vendors with the cost, and the valuable knowledge of the housing industry regulations. Lindsey is a third-generation software company who not only knows the rules and regulations for housing authorities but, they know how to implement them in their software in a timely manner. Lindsey is a HUD approved housing software vendor.

Upon inquiry by Chairperson Lang there were no further questions from members of the Agency, and she called for a motion.

Mr. Christensen moved to approve Resolution 19-03.

Mr. Fitisemanu seconded the motion.

A roll call vote was taken:

Mr. Fitisemanu	Yes
Mr. Buhler	Yes
Mr. Bigelow	Yes
Mr. Christensen	Yes
Mr. Nordfelt	Yes
Chair Lang	Yes

Unanimous.
