Those excused: Keith White, Transportation Advisory Commission member

1. Review 400 West 1200 South Refined Intersection Options ([Click here for recording](#))
Public Hearing in Oct or Nov (Tue Nov 5th?)
The dual left lanes cannot flush

Kevin Croshaw, Horrocks Engineers, was introduced. Mr. Croshaw made a presentation regarding the 400 West 1200 South roundabout intersection bringing up some slides from last month's presentation and then showing a new slide based on the comments. A discussion followed and the hybrid version of the turbo roundabout was decided to be the best option (alternative of the hybrid 10-year roundabout)

The alternative of the hybrid 10-year roundabout was determined to be the best option because it would maintain a single lane for most of roundabout, maintain single lane impact on 400 West with minimal impact to the neighborhood and the City will not have to buy any of the homes on the east side of 400 West. There will be a ten-foot wide sidewalk to be shared by pedestrians and bicyclists and be placed back from the traffic in the roundabout.

Motion: Ms. Buxton moved to recommend the preferred alternative of the hybrid 10-year roundabout alternative. Mr. Gadd seconded the motion. Those voting aye: Becky Buxton, Karl Gadd, Garr Judd, Brayden Santo and Bernard Turner. The motion passed unanimously.

Approval of Minutes: Mr. Santo moved to approve the September 3, 2019 minutes. Ms. Buxton seconded the motion. Those voting aye: Becky Buxton, Karl Gadd, Garr Judd, Brayden Santo and Bernard Turner. The motion passed unanimously. ([Click here for recording](#))

Motion to Adjourn: Mr. Judd moved to adjourn and Mr. Santo seconded the motion. Those voting aye: Becky Buxton, Karl Gadd, Garr Judd, Brayden Santo and Bernard Turner. The motion passed unanimously.

Adjourned: 6:11 p.m.

Sam Kelly

Approved: January 7, 2020
