Dear Council Members:

I am writing regarding the paved trail, along the creek that is currently owned by the Trail Ridge Estate HOA. As a member of the board, I attended the meeting held at City Hall in regards to the bridge connecting Trail Ridge Estates to Cholla Creek subdivision.

At the meeting a member of the City Council approached me inquiring into whether we, the HOA, would be interested in deeding this trail and creek side property to the city. We have not had any correspondence to this effect. We have a board meeting scheduled for November 23, and if this is something the City would like to persue, would you please respond to me with your intentions. I would be happy to present these findings to the Board.

We have our annual meeting of all homeowners scheduled in January. At that time we could present your intentions to the HOA.

I appreciate your timely response to this inquiry.

Sincerely,

Leslie Campbell
Board Member, TRE HOA
