Board of Health Meeting

DAVIS COUNTY HEALTH DEPARTMENT

FEBRUARY 11, 2020

Davis COUNTY HEALTH DEPARTMENT

Healthy Choices. Healthy People. Healthy Communities.

School-Based Personnel Immunization Requirements Regulation

- All Schools/School Districts shall require School-Based Personnel to provide proof of immunizations in the event of an outbreak of vaccine preventable disease.

- Requires Schools/School Districts to notify School-Based Personnel as part of the onboarding process of the following:
  - Maintain a personal record of immunizations
  - Be able to produce these records upon request
  - Inform them of exclusions and restrictions that may be used to control or prevent disease spread

- Encourages Schools/School Districts to retain staff immunization records and adopt policies addressing implementation of this regulation and the handling of exemptions during the outbreak.

School-Based Personnel Immunization Requirements Regulation

- Requires School-Based Personnel to show immunity against the following vaccine-preventable diseases:
  - Measles, Mumps & Rubella (MMR)
  - Tetanus, Diphtheria & Pertussis (TdaP)
  - Varicella (Chickenpox)
- Recommends School-Based Personnel to have immunity against the following vaccine-preventable diseases:
  - Hepatitis A
  - Hepatitis B
  - Influenza (Annually)
- Provides an medical or personal exemption for School-Based Personnel.
