Keith Thompson made a motion to accept the new online payment system that will be added to the website. John Levenduski 2nd. All council members present voted yes.

Tammie will get working on this to get it up and going.

CDBG Project

Eric Dursteler, Engineer, stated that we will be putting the project out for bid in February. He stated that the construction industry has not gone down like we had hoped but it has just plateaued. This is ok but we were hoping to save some money by waiting. He did not have any further information for the council except that he would be getting the paper work together to get the project out for bid in February.

Vicious Dog

We have had a problem with a vicious dog that bit a little girl. The sheriff does not respond to a vicious dog only or dog catcher. Mayor asked the council to look at the dog ordinance we have in place now. We need to re-write our ordinance to give out a fine but the person has the right to come to the council to appeal the fine.

Mayor Heyder asked Scott O'Hare if he would take a look at the ordinance and see if he would re-write the ordinance and add to it to make a fine for a vicious dog. Scott stated he would take a look at it and bring it to next town council to look it over.

Water Department

Alan Terry stated that the water conference is coming up in February. This conference is one that AJ Morgan and him go to keep certified. The town in the past has also sent Tammie to

the conference since she is the clerk and there are classes that she can benefit from. The conference is the last week of February in St. George.

Appreciation Dinner

The appreciation dinner is all planned and the Ranch House Diner has the number of people that have responded.

Old and Other New Business

Citizen Concerns

Stacey Hill brought up a concern with the deer being around her house and on the road. She is wondering if we can get some caution deer signs put up before someone hits one.

Mike Morgan stated that he got a new lock for the fire station door. It was a lot more than he expected it to be. It was \$963.00 but it was needed to keep the fire station secure and it had to be a special lock to allow all of the EMT's and Firefighters a combination to get in.

Scott O'Hare made a motion to adjourn. Keith Thompson 2nd. All council members present voted yes.
