Serving on the golf advisory board would be an opportunity for me to give back to the game of golf and keep it a viable recreational opportunity for everyone.

I have lived in Logan for 74 years, spending all but three of them in the same house right around the corner from Fredrico's Pizza. I retired from Pepperidge Farm in 2012 after spending 26 years there. Prior to that, I taught school for five years and owned my own business, Hugh's Company Restaurant, for 11 years.

Since my retirement from the Farm, I have enjoyed golfing and traveling more, as well as going to as many Utah Jazz games as I can, and the occasional concert.

Golf has been in my blood for as long as I can remember. I have been a member of the Logan Golf & Country Club for more than 40 years and joined the Logan River Ladies Association after retiring.

I have one son who works in the athletic media relations department at Utah State University and four grandchildren, including a 16-year-old that is a junior at Ridgeline High School and a member of the golf team there.

I have been in the air filtration industry since 1995 and just sold the business and am retiring.

I am a former Utah Golf Association Board Member (1989 to 2012).

I spent 12 years on the USGA Green Section Committee and 6 years on the USGA Amateur Public Links Committee.

I have also been a Rules Official, and a lawn care professional.

I would appreciate the opportunity to serve on the Golf Advisory Board.
