Please join us for an informational evening on bullying prevention. This presentation will include an educational session on bullying and its damaging effects, and a screening of the documentary, "Bully."

This film has received national praise and recognition for its powerful message. The purpose of the presentation is to raise much needed awareness in our community about the bullying epidemic.

It is a goal of the Draper City Police Department to form valuable partnerships between schools, police, and youth groups in joint effort to eliminate bullying in our schools.

We hope to see you there.
