

# Why City Inspect?

We are raising the bar for software for the building department! See why we are becoming the fastest growing permitting & inspection software company in the state of Utah!

## Software Built for You

This software was designed with you in mind. With eight years experience as a permit tech behind this software, you know it was made to work for you.

## Great Customer Service

We believe in relationships with people and our team members. Any one of our cities will tell you our customer service is the best there is!

## Start to Finish

Accept applications online, real-time plan review, easy-to-use interface, permitting, digital inspections, reporting and more!

## A Growing Community

More and more cities, counties, builders and homeowners are using our system every day to streamline their processes and make their life easier.

“Using City Inspect has helped our permit tech’s do their job easier. We haven’t had to hire more staff to carry the workload because the software is doing it for us.”

- Building Official

“Completing inspections in the field is much faster and easier. The inspection reports are automatic and everything you need to do your inspection is at your fingertips.”

- Inspector

“Applying for permits and requesting inspections online is so easy with City Inspect. It walks you through the process step by step.”

- Contractor

Don't just take our word for it, ask them!
