RESOLUTION NO. R-2020-_____

A RESOLUTION RESTRICTING THE USE OF FIREWORKS

WHEREAS, the area has, during this current water year, received above-normal precipitation, which has increased the potential for fire danger; and

WHEREAS, the conditions of the City of LaVerkin and other areas in Washington County are historically—and have begun and are anticipated to be—hot and dry during the summer months; and

WHEREAS, the area is currently or will soon be under threat of wildfires, including brush fires; and conditions are such that this condition is believed to continue or worsen over the course of this fire season; and

WHEREAS, it has been the opinion and determination of the fire chief of the Hurricane Valley Fire District (which services the fire prevention, mitigation, and firefighting needs of the City and its residents and businesses) that such hazardous environmental conditions—or the potential thereof—necessitate the controlled use of ignition sources, including fireworks; and

WHEREAS, the proper and improper use of fireworks under hot and dry conditions can create the potential for fire; and

WHEREAS, brush and structural fires constitute a threat to life and property in the City of LaVerkin; and

WHEREAS, it is in the best interests of the City and its residents, businesses, and guests that the dangers and potential damage and/or injury associated with such fires be minimized by the exercise of caution, advance planning, and appropriate and lawful regulatory action calculated to reduce the threat of such potential dangers and harm; and

WHEREAS, Section 4-9-3, *LaVerkin City Code*, authorizes the City Council to declare firework restrictions in stages.

RESOLUTION NO. R-2020-_____

A RESOLUTION RESTRICTING THE USE OF FIREWORKS

WHEREAS, the area has, during this current water year, received above-normal precipitation, which has increased the potential for fire danger; and

WHEREAS, the conditions of the City of LaVerkin and other areas in Washington County are historically—and have begun and are anticipated to be—hot and dry during the summer months; and

WHEREAS, the area is currently or will soon be under threat of wildfires, including brush fires; and conditions are such that this condition is believed to continue or worsen over the course of this fire season; and

WHEREAS, it has been the opinion and determination of the fire chief of the Hurricane Valley Fire District (which services the fire prevention, mitigation, and firefighting needs of the City and its residents and businesses) that such hazardous environmental conditions—or the potential thereof—necessitate the controlled use of ignition sources, including fireworks; and

WHEREAS, the proper and improper use of fireworks under hot and dry conditions can create the potential for fire; and

WHEREAS, brush and structural fires constitute a threat to life and property in the City of LaVerkin; and

WHEREAS, it is in the best interests of the City and its residents, businesses, and guests that the dangers and potential damage and/or injury associated with such fires be minimized by the exercise of caution, advance planning, and appropriate and lawful regulatory action calculated to reduce the threat of such potential dangers and harm; and

WHEREAS, Section 4-9-3, *LaVerkin City Code*, authorizes the City Council to declare firework restrictions in stages.

RESOLUTION NO. R-2020 ____

NOW THEREFORE BE IT RESOLVED by the City Council of LaVerkin, Utah:

1. That a **Stage Two fire restriction** is declared until further notice.
