ORDER 2020-1

UTAH INSURANCE COMMISSIONER

Order Establishing Standards for Obtaining and a Process for Issuing a Temporary Resident Individual Producer License

The Utah Insurance Commissioner finds as follows:

1. Due to social distancing restrictions from the COVID-19 pandemic, the Utah Insurance Department's license testing vendor, Prometric, has temporarily closed its facilities in Utah.
2. As a result of the closure, a person who seeks a resident individual producer license is unable to apply.
3. Consistent with Utah Code § 31A-23a-114(1)(a)(ii)(A), the public interest will best be served by providing standards for obtaining and a process for issuing a temporary resident individual producer license.
4. Consistent with Utah Code § 31A-23a-114(5)(a)(i), the limitations on the authority of a temporary licensee as set forth in the Order below are necessary to protect insureds and the public.

Based on the above findings, and pursuant to Utah Code §§ 31A-2-201(4) and 31A-23a-114(5), the Commissioner enters the following Order:

1. The Insurance Department may issue a temporary resident individual producer license to a person who satisfies the requirements of this Order. A holder of a temporary resident license is not eligible for a non-resident license in another state.
2. Beginning April 23, 2020, a license application will be available through and shall be submitted electronically using SIRCON.
3. An applicant shall submit the following as an attachment to the license application using SIRCON's attachment utility feature:
 - A. proof that the applicant, during the temporary license period, will be affiliated with and sponsored by a licensed insurance company or by a licensed agency producer that is in good standing with the Department and is responsible for the applicant's acts occurring in the course and scope of the temporary licensure;
 - B. proof that the applicant will be supervised on the job by a licensed individual producer who is in good standing with the Department and who is affiliated with the sponsoring insurance company or agency;
 - C. proof that the applicant has successfully completed 40 hours of training in the line(s) of authority for which a license is sought as identified in the Exam Content

Outlines of the Utah Insurance Department License Information Bulletin, <https://insurance.utah.gov/wp-content/uploads/LicensingBulletin.pdf>; and

D. proof that the sponsoring insurance company or agency will immediately notify the Department if the applicant's affiliation or sponsorship ends before the last day of the temporary license period.

4. The requirements of paragraph 3 above can be satisfied by submitting a completed Certification of Compliance with Temporary License Requirements, attached. The Certification is also available on the Department's website. The Certification must be signed and dated by an owner, partner, officer, or designated responsible licensed producer of the sponsoring insurance company or agency.

5. An application will be denied if the applicant:

A. fails to submit sufficient proof as required in paragraph 3 above;

B. has a felony conviction or a misdemeanor conviction involving fraud, misrepresentation, theft, or dishonesty; or

C. has a pending criminal proceeding in which the applicant is charged with a felony or a misdemeanor involving fraud, misrepresentation, theft, or dishonesty.

7. A license is valid for 180 days from date of issuance. The Commissioner may exercise discretion to shorten this period if the license testing vendor opens its facilities before the temporary license expires. The Commissioner will inactivate a temporary license if the licensee obtains a two-year individual producer license before the end of the temporary license period.

8. A temporary licensee may represent only the following: the sponsoring insurance company and its affiliates; the sponsoring agency and insurance companies to which the agency is appointed.

9. A temporary license may be revoked at any time if the licensee:

A. is not affiliated with and sponsored by the sponsoring insurance company or agency identified in the licensee's application;

B. is not supervised on the job by a licensed individual producer who is in good standing with the Department and who is affiliated with the sponsoring insurance company or agency identified in the licensee's application;

C. has a felony conviction or a misdemeanor conviction involving fraud, misrepresentation, theft, or dishonesty; or

D. has a pending criminal proceeding in which the applicant is charged with a felony or a misdemeanor involving fraud, misrepresentation, theft, or dishonesty.

10. The legal grounds for denying, suspending, or revoking a two-year individual producer license, and the legal grounds for penalizing a two-year individual producer licensee, apply equally to a temporary license and licensee.
