

2020 Cornish Roads Proposed Action Plan

Road	Action	Chip Distance	Other		
Law	Seal Cracks		\$180/hr		
	Fog in a year				
Heiner lane	Repair (double chip) from Hwy to 2nd cattleguard	452			
	Remove cattleguards				
	Chip from 2nd cattleguard to driveways	976			
Cemetery	Durapatch dip by Black's		\$180/hr		
	Cold patch potholes				
	Drain for spring/leak under intersection?				
	Durapatch NE corner edge at Retreat		\$180/hr		
	Durapatch areas from S turn to end of cemetery		\$180/hr		
	Chip seal entire distance, Hwy 23 to end of cemetery	7116			
North to Buxton	Nothing (but corner work) this year				
Buxton to Brad McKnight					
Alley Loop	Chip seal	1710			
	Fill crack on spur		\$180/hr		
	Fog in 2 yrs				
Riverview Ln	Chip from Tammy's to E end (W end in good shape)	756			
Leak Lane (Erma's to Fisher)	Nothing (fog in 2 yrs)				
Fisher's to Hwy 23	Spray weeds				
	Fill edge by drain				
	Durapatch		\$180/hr		
	RR crossing (call UPRR)				
	Chip seal	1931			

Ray Pitcher Lane	Nothing. Fog in 2 yrs from Hwy 23 to Samuelson								
Larry Pitcher Lane	Fog in 2 yrs								
	Repair potholes or Durapatch			\$180/hr					
	RR crossing								
	Total proposed chip distance	12941							
	2019 chip distance	10574		\$35,000					
Other	Estimate 1-2 days tarring cracks, Durapatching			\$1400-\$2800	Plus product				
	Need to cold patch many potholes (or durapatch larger)								
	Many areas need grading								
	Weeds need spraying								
	Need to call RR re crossings, including call from residents								
	If getting our own rock, go to "the big ones," e.g., Parsons								
	County has a plow ("208") that "will go for under \$15k								
	County cost to plow. Already out here for Pitcher lane.			\$180/hr	Plus salt/sand				
	Joe Hansen will try to start grader in the next week.								
	Grader probably needs batteries.								

we discussed this all at the last meeting, however, if I read the agenda correctly, we're reviewing for official approval tonight.

Below is a very brief summary of what will be done. I'm meeting Mon morning with the county crew. Any and all are invited if you want to attend.

"See" you all tonight!

Conrad

County chip seal project

- ~\$52,000 + Durapatch and tar cracks ~\$2000/ea
 - Double chip Hwy to RR on Heiner Lane, remove cattle guards, single chip from Hwy to Heiner/Kirkman driveways
 - Chip from Hwy, to cemetery, some Durapatch first
 - Chip Alley Loop, gravel portion going through homes, slag on the rest
 - Chip Riverview Ln from Tami's to Payne's
 - Chip from Fisher to Hwy 23, Durapatch and build shoulder first
- Using from county slag stored up. May also be able to use a little of their rock for alley.
- County starting north end (Cornish, Lewiston, etc.) in mid July
- Need to do before starting
 - Meeting with county crews Mon, 11 May to walk through the jobs
 - Prepare/sign documents
 - Before starting...
 - Grading
 - Potholes
 - Durapatch
 - Build up shoulder by Fishers
