## Memorandum

To: City Council

From: Administration

Date: June 17, 2020

Subject: FY 2021 Budget

---

As has been discussed previously, due to the pandemic, the City is facing economic challenges that are unprecedented. Attempting to accurately estimate the pandemic's effect on the decrease and subsequent recovery of future revenues is difficult at best.

Sales taxes will be the revenue source most impacted by the economic shutdown. The fact that the sales tax is the major source of revenue for the city's general fund adds difficulty in preparing and balancing a budget. As we mentioned earlier the only model that can be used to attempt to calculate the shutdown's impact on sales taxes is the recession of 2008. At that time, over the course of approximately 15 – 18 months, taxable sales in South Salt Lake decreased by approximately 32%. When data becomes available the City could experience a 30% decrease in sales tax revenue in a matter of weeks.

In the FY 2021 budget we have estimated that sales taxes and city option sales taxes will decrease by 25%. We used the 25% number because an economist commissioned by the Utah League of Cities and Towns estimated revenues will possibly stabilize and even begin to increase again in the second and third quarters of the fiscal year.

On the expenditure side of the fund budgets, excluding the Capital Improvements Fund, most of the line item amounts from the FY 2020 budget were carried over to FY 2021. Some specific line items were adjusted based on known or anticipated factors. On a positive note, the City paid the last outstanding equipment lease installment eliminating the need to utilize a debt service fund. This results in a savings of \$115k in the Capital Improvements Fund.

Based on the City's Certified Property Tax Rate, it is estimated that property tax revenue will increase approximately \$136,000. This increase is mostly attributable to new growth.

Based on the information above some items reflected in the Tentative Budget are:

### General Fund

1. A \$5.1 million dollar decrease in estimated revenue. That decrease is comprised mainly of sales tax revenue (\$2.1m) and includes all of the sales tax revenue received by the City with none allocated to the capital improvements fund. Other decreases are; energy sales/use tax (\$300k), building permit revenue (\$375k), fines & forfeitures (\$200k), state homeless mitigation funds (\$400k). There are also smaller decreases in several revenue line items. There is also a decrease in Promise grant funding due to grant changes of \$1.1 million (this does not affect the general fund bottom line).
2. Promise revenue and expenditures are decreased due to a reconciliation of revenue and federal grants. Programs are not expected to be limited due to annual funding changes.
3. Eight FTE positions that are currently open have not been included in the budget. Three open positions are included in the budget. Those positions are: concrete worker, equipment operator, and a staff engineer.
4. In spite of the open position suspensions, an appropriation from fund balance of approximately \$4.3m is required.
5. The Training/Conferences budgets in all departments were reduced based on the assumption that out of town conferences and training will be suspended for a period of time.
6. Insurances costs are increased by approximately \$150k. These costs have been allocated to departments and the Water, Sewer, and Solid Waste funds, based on the number of employees and the risk factor associated with the department.
7. No changes were made to the Promise budget other than estimating the annual changes in the grant awards.

Overall, the General Fund budget is approximately \$440k less than the currently adopted FY 2020 budget. Despite that decrease, a significant appropriation from fund balance is still necessary. Public Safety raises and new positions authorized during the FY 2020 budget year have been funded for an entire year which resulted in upward pressure on the budget.

### Capital Improvements Fund

1. No Sales Tax or City Option Sales Tax is allocated to the Capital Improvements Fund. This results in all expenditures being funded with an appropriation from fund balance and special revenue, i.e., Impact Fees, Grants, Highway Funds, etc.
2. The Federal Streetscape Award for \$2 million is recognized as a revenue and expenditure to fund improvements on State Street.
3. Columbus Park improvements have been funded entirely with impact fees at a cost of \$650k.
4. The West Temple streetlight project is funded with CDBG and City funds.
5. The Main Street streetlight project is funded with CDBG and City funds.
6. Only critical repairs to buildings and equipment are included. Projects being carried over from FY 2020 include: Police building repairs, City Hall repairs, the Columbus Center generator, the City Hall electric vehicle charging station, and the animal shelter.
7. Only critical replacements of equipment and vehicles are included. This includes the carryover for vehicles that have been ordered but are not expected to be received before fiscal year 2020 year end.
8. Most infrastructure projects have been suspended; however some unfinished projects need to be carried over to FY 2021. These projects include: Fitts Park West, West Temple Street Lighting, and the Maxwell Ave storm water design.
9. Information Technology equipment replacement has been reduced by about \$70k.

10. New projects being funding include: State Street streetscape project, Main Street streetlight project, 500 W Reconstruction Design/Engineering, fire apparatus upgrades to comply with the new Versaterm response system, and the general plan update project.

The Capital Improvements Fund includes the minimum amounts required to provide essential services to businesses and residents. City staff and managers will make every effort to extend the useful lives of existing equipment and vehicles until funding is restored.

#### Water Utility Fund

Water rate revenue is expected to be less in FY 2021 by an approximate total of \$167k. This is primarily due to residents facing hardships and the potential of a number of businesses closing. Major projects are not envisioned but as much funding as possible has been allocated for service and repairs.

1. Estimated decrease in water rate revenue of approximately \$100k due to the current economic situation.
2. Minor adjustments and corrections in some line items.
3. Jordan Valley Conservancy district announced a 5% decrease in their water rates. That decrease has been reflected in the Water Purchases line item.
4. The City has the ability to access funds residing in the City's revenue bond replacement/reserve account to fund unforeseen projects and repairs should the need arise.

#### Sewer Utility Fund

The rate increase approved in February 2020 is recognized in the FY 2021 budget. The increase was required to pay escalating operating costs and fund capital projects at the Central Valley Water Reclamation Facility (CVWRF). The proceeds from the increase will also be used in the future to fund debt service payments to the Utah Division of Water Quality for newly acquired debt.

1. Recognizing \$2/month rate increase. Total revenue is estimated to increase by \$540k.
2. Minor adjustments to some line items.
3. Increased operating costs at the CVWRF of approximately \$250k which are passed on to the City.
4. The City is recognizing approximately \$5.5m in bond proceeds from the grant and no interest loan from the Utah Division of Water Quality. The City will utilize the proceeds to fund its portion of improvements and upgrades at the CVWRF.
5. \$250k is being carried over from FY 2020 to complete the acquisition of a sewer line inspection system.
6. Balance of new revenue to fund CVWRF capital projects which are not eligible for bond funding. A total of \$903k is allocated to address those CVWRF costs.

#### Solid Waste Collection Fund

1. Collection fee revenue is expected to increase modestly due to the addition of new houses in the City.
2. Salaries and benefits accounts were adjusted slightly to account for a different employee being assigned to the utility.
3. Most other line items have remained unchanged from FY 2020.

### Insurance Reserve Fund

Property and liability insurance renewals returned approximately \$150,000 higher than the previous year. This increase has been allocated across departments and funds, based on their risk assessment and the number of employees in the department.

Attached for your review are the budgets of all funds with some detailed schedules for specific budgets including Promise and Capital Improvements. Also, information is attached demonstrating economic estimates for the coming year.

There are no changes proposed in any of the financial policies of the City. Procurement, accounts payable, cash receipts, payroll, asset management, and other policies as written remain in effect. Policies are constantly reviewed and evaluated to ensure they comply with all state guidance and best practices.

The budget process of the City of South Salt Lake complies with the Utah Fiscal Procedures Act. Budget authority in the City resides with the South Salt Lake City Council. These budgets are presented by the Mayor containing information at the fund and departmental level. Budgets for each fund are approved by the City Council and administered by the Mayor. Budgetary control is maintained by constantly evaluating revenues and expenditures. Departments are responsible for maintaining costs within the budgetary limits. The Mayor and City Council are provided financial statements on a regular basis to ensure budget compliance.
