7. Mayor/Council Member/Department/Committee Reports and Discussion:

a. Mayor/Council Members:

Mayor Corey Christensen reported that the new well had been drilled and was providing 750 -760 gallons/minute. We are allowed to use 300 gallons/minute. There will also be a nice-looking building for the pumps, etc. Tunnel Spring and Cobble Rock Spring are being rebuilt. Cobble

Rock is working really well. They found that the pipe had caved in and that is what had caused the problem. Rosebush Spring has a section in the water line that was too flat. They are working on fixing the slope.

Councilmember Jesse Richmond relayed a message through Town Clerk Elizabeth Hone that the planning commission had recommended that the council consider making a 3-member planning commission with a 3-year term with one commissioner coming on each year. The council appreciated the input and stated that they would be taking a look at that after the budgeting was finished.

Councilmember Ray Evans reported that things were moving forward on getting the scales at the county dump.

Councilmember Taryn Brooks related to the rest of the council the ideas that were being considered for the Town Celebration this year due to Covid-19. The activities committee is considering limiting the activities to the parade and the fireworks. She was also wondering about moving forward with a park plan committee. It was felt that they could start meeting with proper social distancing or over Zoom.
