Brandon Hoffman I

Carol Stilson I

Carole Larsen I

Kirk McQuivey I

Tracy Addley I

Motion passes.

Approval of Minutes from Previous Meeting

Brandon Hoffman made the motion that we approve the minutes from the April 9, 2020 meeting minutes, it was seconded by Carol Stilson. The vote was unanimous, motion passed.

Ken Grant

Ken wanted to just give the city an update on where they are with opening Food Ranch. They closed on it this week. They will be starting on the minor remodel. They planned to be opened for Memorial Day, but due to the Covid 19 and other setbacks they think it's best to wait to open until a later date. They are planning to open the weekend of July 4th. Ken states, they plan to focus on gas, groceries, deli and donuts. He also said they would like to change the flow and how the floor plan was set up, so it opens it up better, and makes it not so dark and gloomy. He states as they keep going, he would like to keep the city updated on what they are planning.

Power Pole Move request

Brandon Hoffman and Brent Tuttle, talked about sidewalk prospects for this year. The only road going west without a sidewalk is on 100 South near 100 West. However, there is a power pole that needs to be moved for this sidewalk project to take place, it needs to be moved about five feet. Rocky Mountain has been contacted about this move; they just need the city council to

Orangeville City Council

Meeting

May 14, 2020

approve the request so they can move forward on their end as well. For future pole moving requests they need the request to be given in February of the year the projects are taking place. A motion to approve this project was made by Carole Larsen and seconded by Kirk McQuivey, the vote was unanimous motion passed.

Tentative Budget

Maegan Wilberg and Roger Swenson worked on the budget for 2020-2021. Maegan stated if there is anything that needs to be changed or added to please let her know so she can make the changes before the final budget is approved in June. Brandon Hoffman made the motion to approve the tentative budget 2020-2021, to also make any necessary changes before the final budget is approved in June, it was second by Carol Stilson motion passes.

Staff Reports

Kim Heiniger- Kim has been working on the sprinklers, and the lawns. He has sprayed the lawns, and fertilized them. He has been working on spraying the weeds, but due to the wind has had to wait on that.

Cindy Nielson- Cindy put her date in with Utah Retirement, her last day of work will be July 15, 2020.

Maegan Wilberg- Maegan just reminded the council members to look over their budget and if there is anything that needs to be added for next year to let her know, and if there is anything, they need in their departments to please purchase before the end of June.

Council Reports

Carole Larsen- Grit Fitness and the Karate School is moving their sign, so it is not in the visual way, this will be taking place sometime, they have decided to put it off for now because they can not decide which spot will work better. Carole also reported on a sidewalk problem, near Selma Tuttle's place, it has an approach, and if there is a sidewalk being worked on could something be done there to fix that for people who walk along there.

Carol Stilson- Carol reported that Orangeville Days will be held at a later date. She said she would like to do something before fireworks on July 24th. Carol asks the council what they think of joining her and throwing Frisbees to the kids around town just to give them a treat on that day where we would celebrate. Kirk suggested riding the Fire truck to do that or have a fire truck escort to do that. There will also be Fireworks on the 24th of July.

Kirk McQuivey- Kirk states that he has Les Wilberg and Les Thompson coming to work on the trail this coming week. They will be bringing the trail cat and other equipment from the county to use for the trail. Nielson Construction donated two culverts for the trail, which will also be delivered this week while they are working on the trail. The culverts will plan to go across the blue cut part of the canal, and for the crossing at adobe wash Kirk will work on getting rail road

ties for the crossing. Once that takes place Kirk will get with Bill Jensen to look at putting the fence in.

Tracy Addley- Tracy states that him and Kim are going to paint the shed up to the cemetery, to make it look more like a shed rather than just a container. He asked for the option in the colors to do a tan color and a darker trim. He also asks that we get some signs that say NO Dogs Allowed in the cemetery. Tracy plans to work on getting power to the building, and cutting some windows.

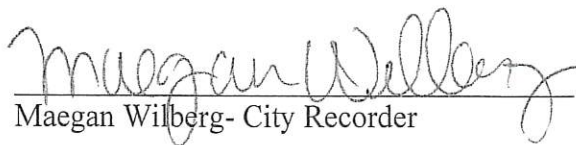

Brandon Hoffman- Brandon reported on animal control, there has been a few problems again with dogs attacking people while walking. He thanks Kim for taking care of the problems as they arise.

Roger Swenson- Emery County Sent a letter with information on the new EMT Special Service District plan. They need it signed by today and sent back in to them. It is not on the agenda, but it needs a decision from the city and it can be ratified in the next meeting. The plan to make the EMT District is to get more funding for the EMT's (ambulance and fire). Basically, we as the city would contract with the county for this to take place.

The council consensus for this to take place and it be ratified in the next meeting.

A motion to adjourn was made by Kirk McQuivey and seconded by Brandon Hoffman, the vote was unanimous motion passes meeting was adjourned.

Maegan Wilberg- City Recorder
