Newell Hales Street patching and surface treatments. **Newell Hales** received a quote from Geneva Rock Products to place Micro Surfacing on some of Salina City Streets their quote is for 20,286 square yards which is \$2.40 per square yard unit is \$40,686.40, the mobilization fee is \$5,000 and traffic control fee is \$3,500 with a total of \$57,186.40 **Hales** stated this product is something he would like to try on Salina City streets. **Jon Maxwell** asked Hales if he only received one quote from Geneva Rock, and if they're the only company who does micro surfacing. **Hales** stated he contacted Intermountain Slurry Seal and their price is \$3.50 per square yard. **Jon Maxwell** addressed his concerns about not offering this work to local contractors. **Hales** stated nobody locally does this micro-surfacing and the reason why Geneva Rock quoted a lower amount because they will already be in our area re-surfacing Richfield streets. **Kelly Laier** asked **Newell Hales** how the product is laid down. **Hales** stated they mix the product on the truck and lay it from a hopper. The reason why Hales would like to go with this type of product instead of chip seal is for the leveling, it only takes 3 to 4 hours before traffic can drive on it and there is no clean-up work required. **Mayor Maxwell** is aware of some roads in the city that needs repairs, but he wants to hold off on fixing any streets in town until we have the sewer study completed.

Earl Taylor asked Hales if this project is coming out of the class C Road Funds. **Hales** stated yes. **Hales** would like to motion to approve this quote. **Mayor Maxwell** wants to camera the sewer system before fixing any Salina City Streets. **Cade Hunter** asked Hales how long Geneva Rock will be in our area and how long the quote is good for. **Newell Hales** stated Geneva Rock will be in our area from July-September 2020 and should honor the quote until then. **Mayor Maxwell** stated if Salina City can camera their sewer lines in the next 30-40 days. Salina City can address this project at that time. **Mayor Maxwell** would like to table this until Brad Allen can get some numbers together to camera the sewer lines. **Hales** stated Salina City needs to do patch work over by the industrial park, there is some water valves that need to be raised and patched in, also on 1st and 2nd North the road needs to be patched. **Hales** stated there is several potholes that need to be filled in. **Mayor Maxwell** expressed to Hales receiving bids before completing any road projects.
