Date

REASONABLE ACCOMMODATION: The City of St. George will make efforts to provide reasonable accommodations to disabled members of the public in accessing City programs. Please contact the Human Resources office at 627-4674, at least 24 hours in advance if you have special needs.

Energy Restoration Plan

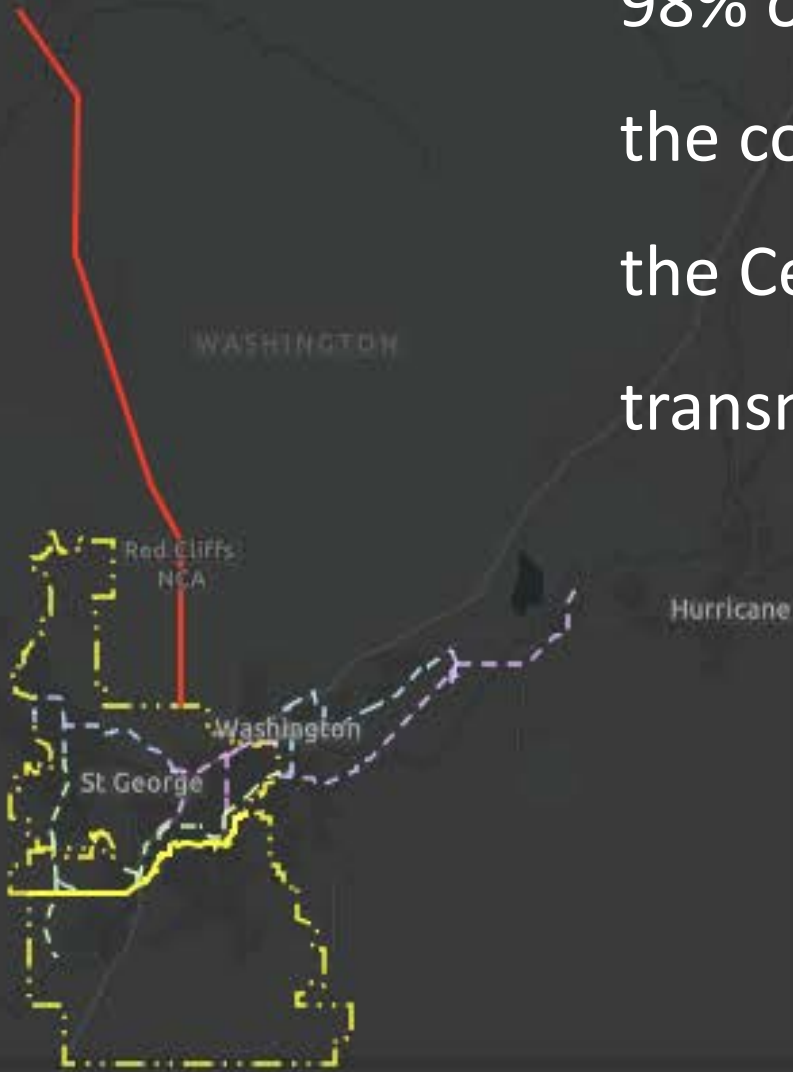

St.George

St. George Energy Services

June - 2020

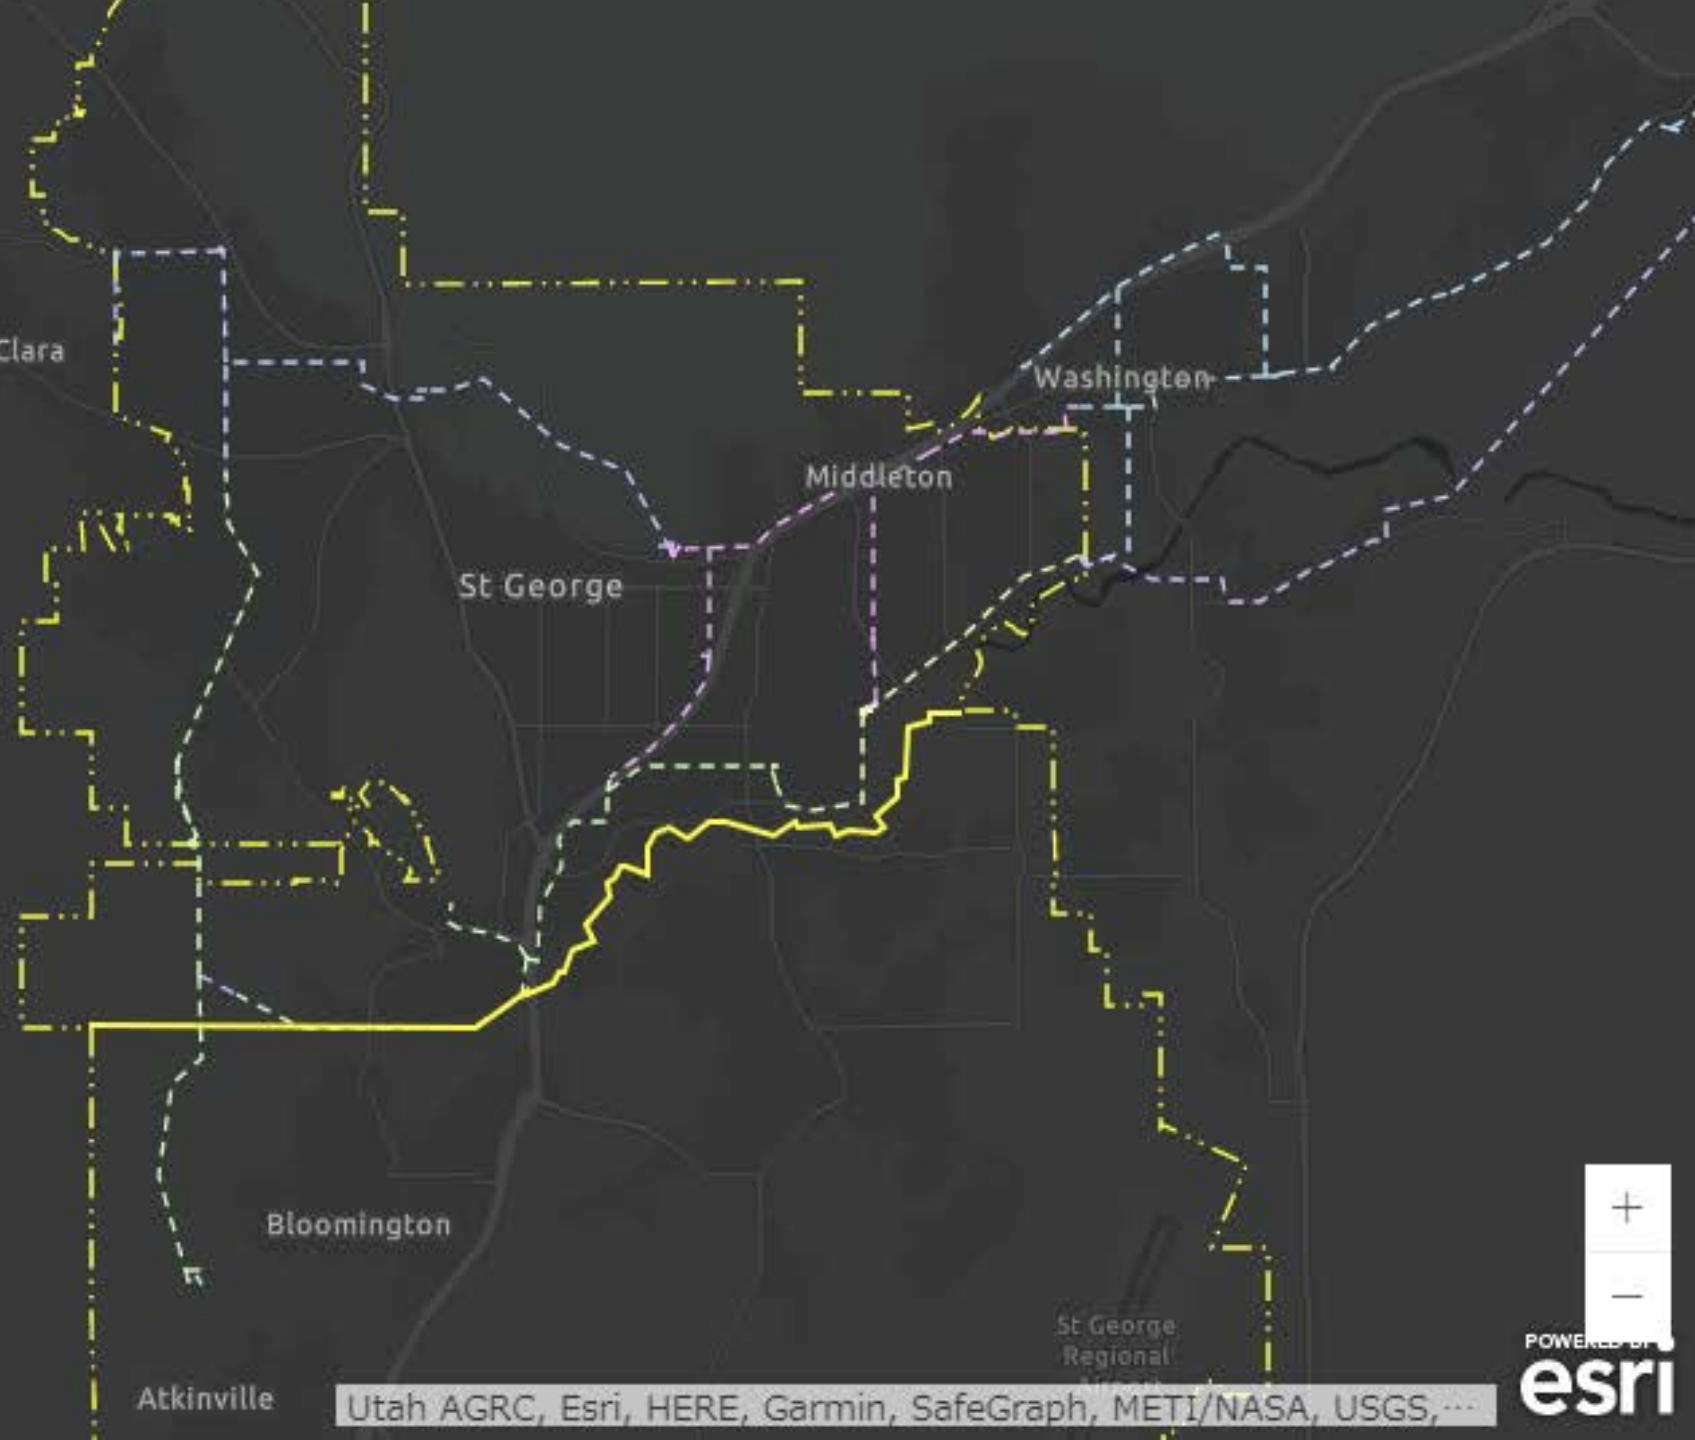

98% of all Electricity for
the county comes through
the Central to St. George
transmission lines.

St. George

If the City loses power from the primary transmission provider, steps to protect the system and restore power will start immediately.

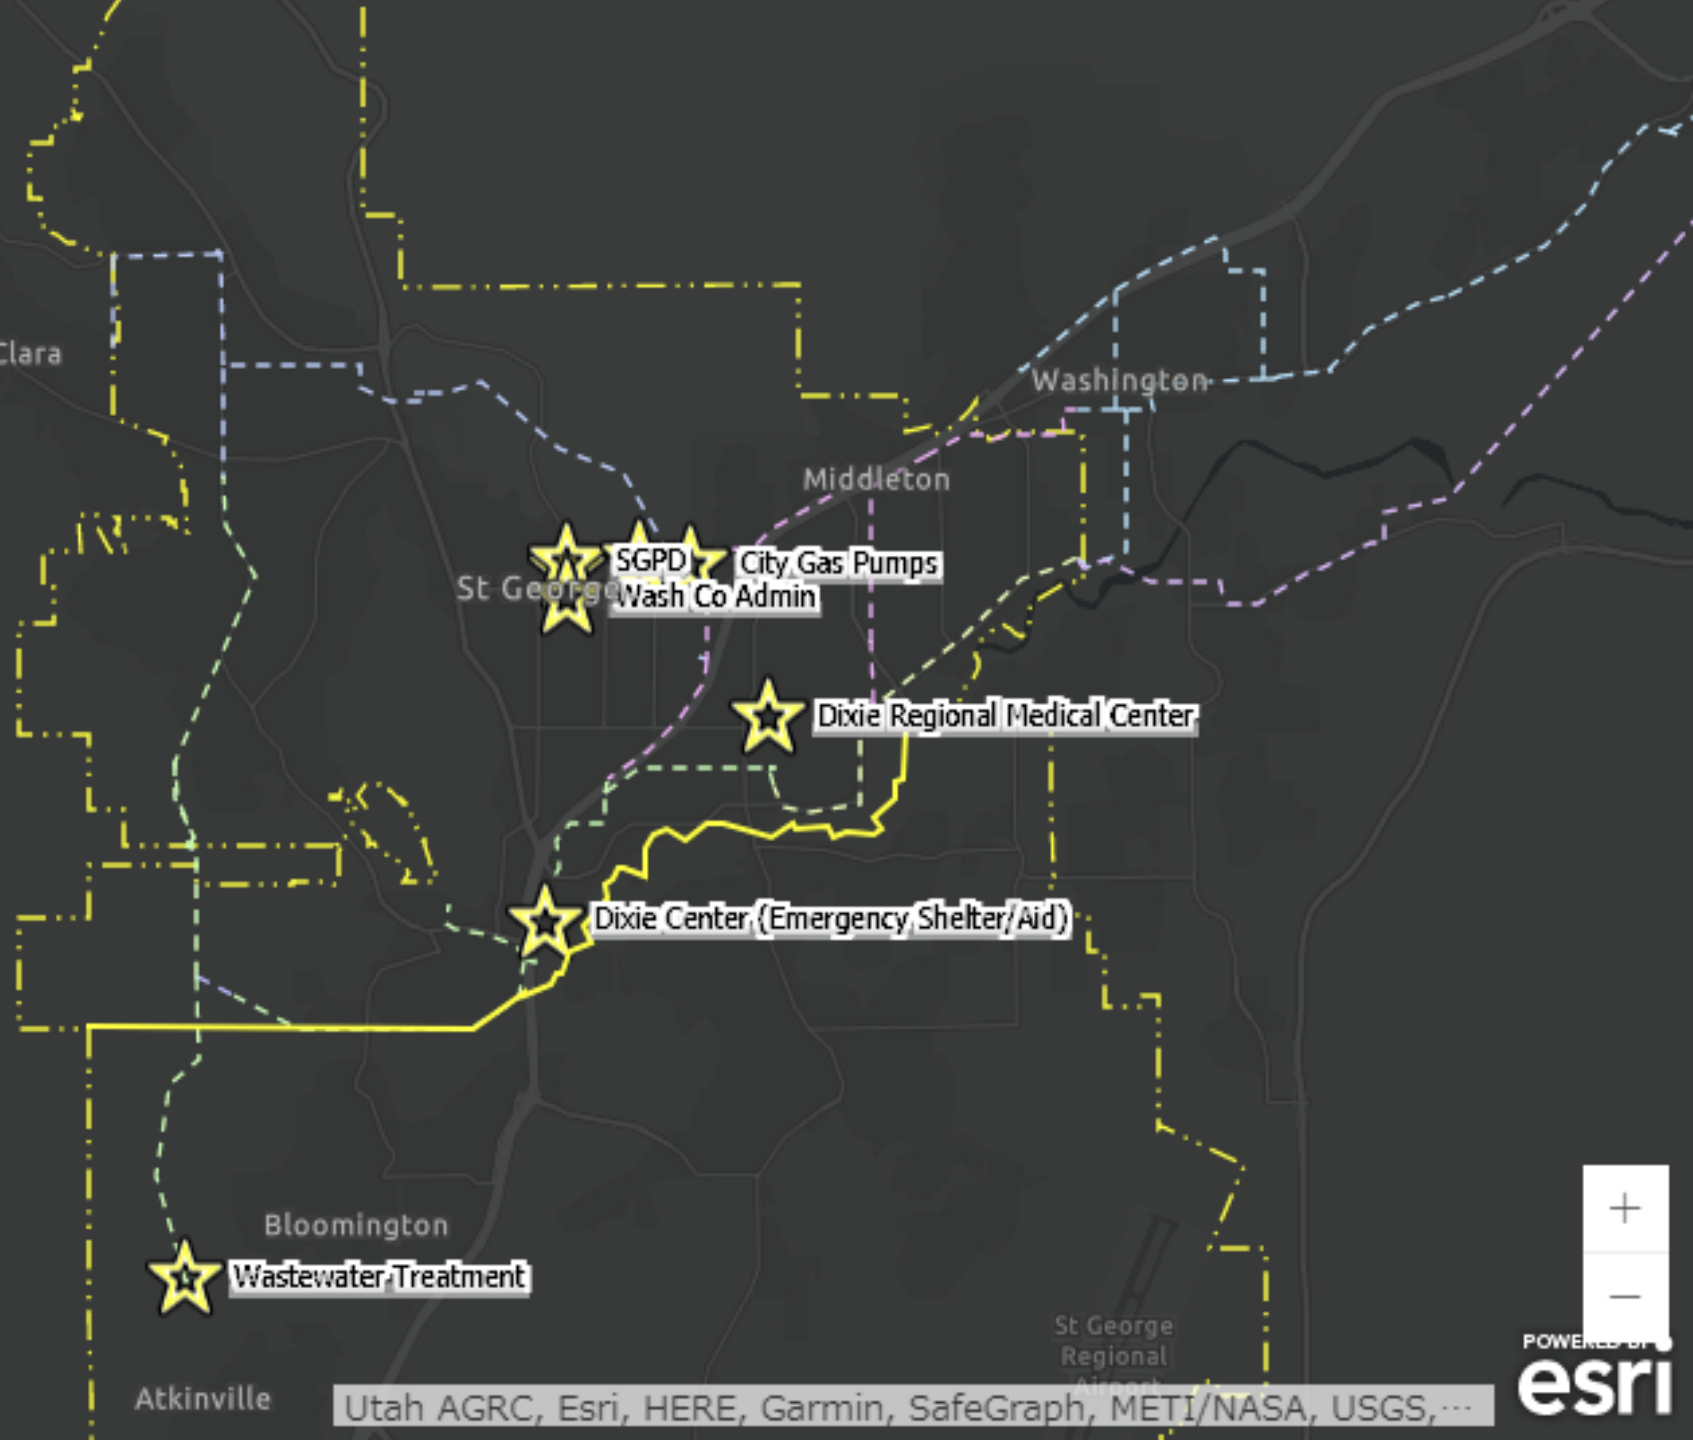

Energy Customers in the City of St. George are served by two utilities, St George Energy and Dixie Power.

St. George

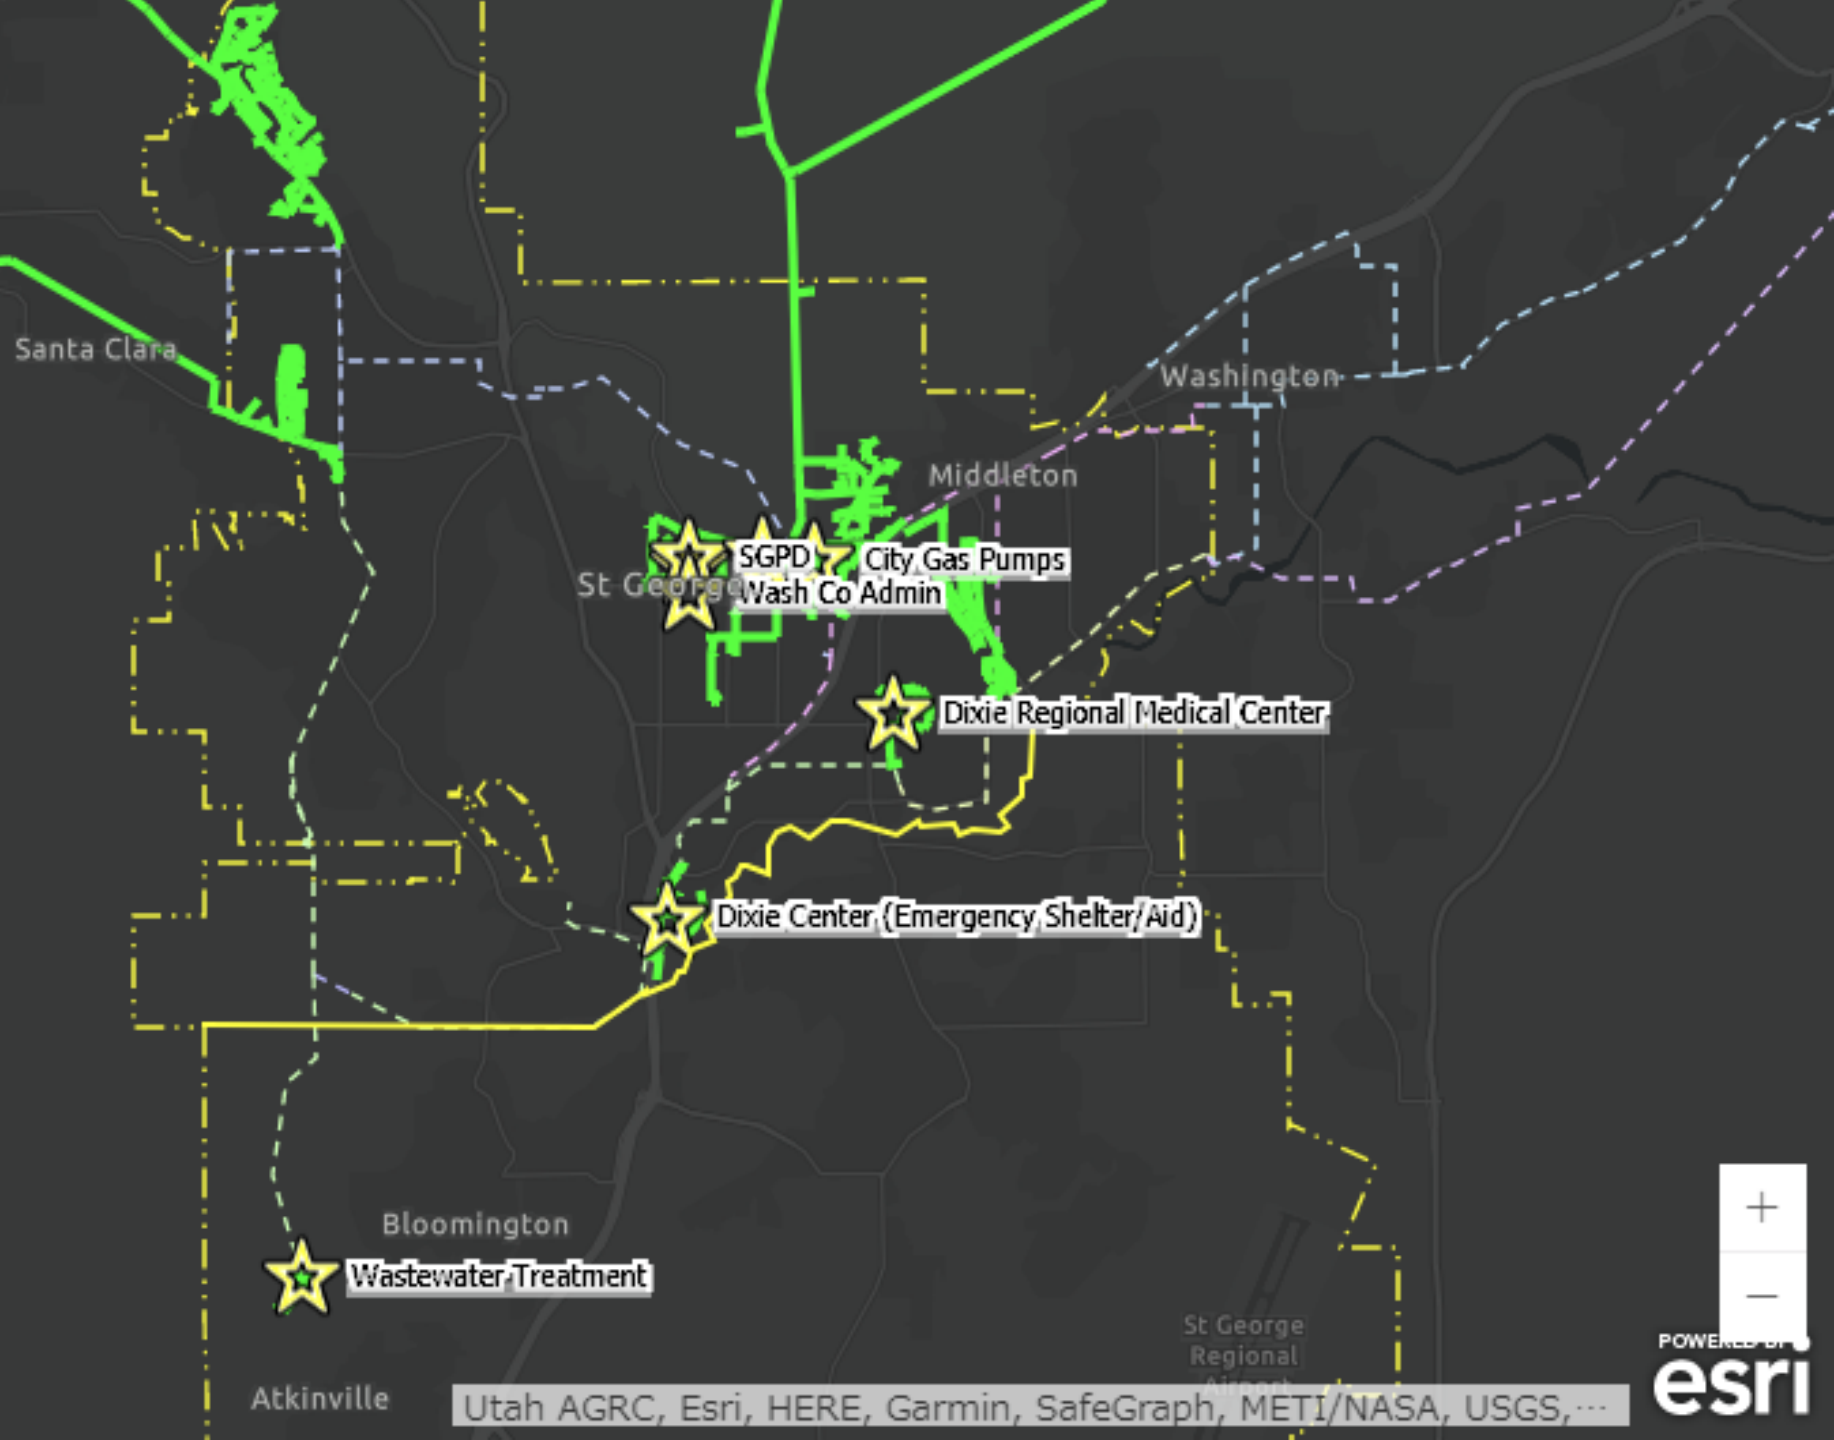

Identified Critical Locations

- Dixie Regional Medical Center
- City Buildings-EOC's (PD, 9-1-1, Gas Pumps, County Building, etc.)
- Wastewater Treatment
- Water System (Wells & Pumps)
- Dixie Center (Emergency Shelter/Aid)

St. George

Critical Locations will be fed by circuits using City owned and operated generation facilities.

St. George

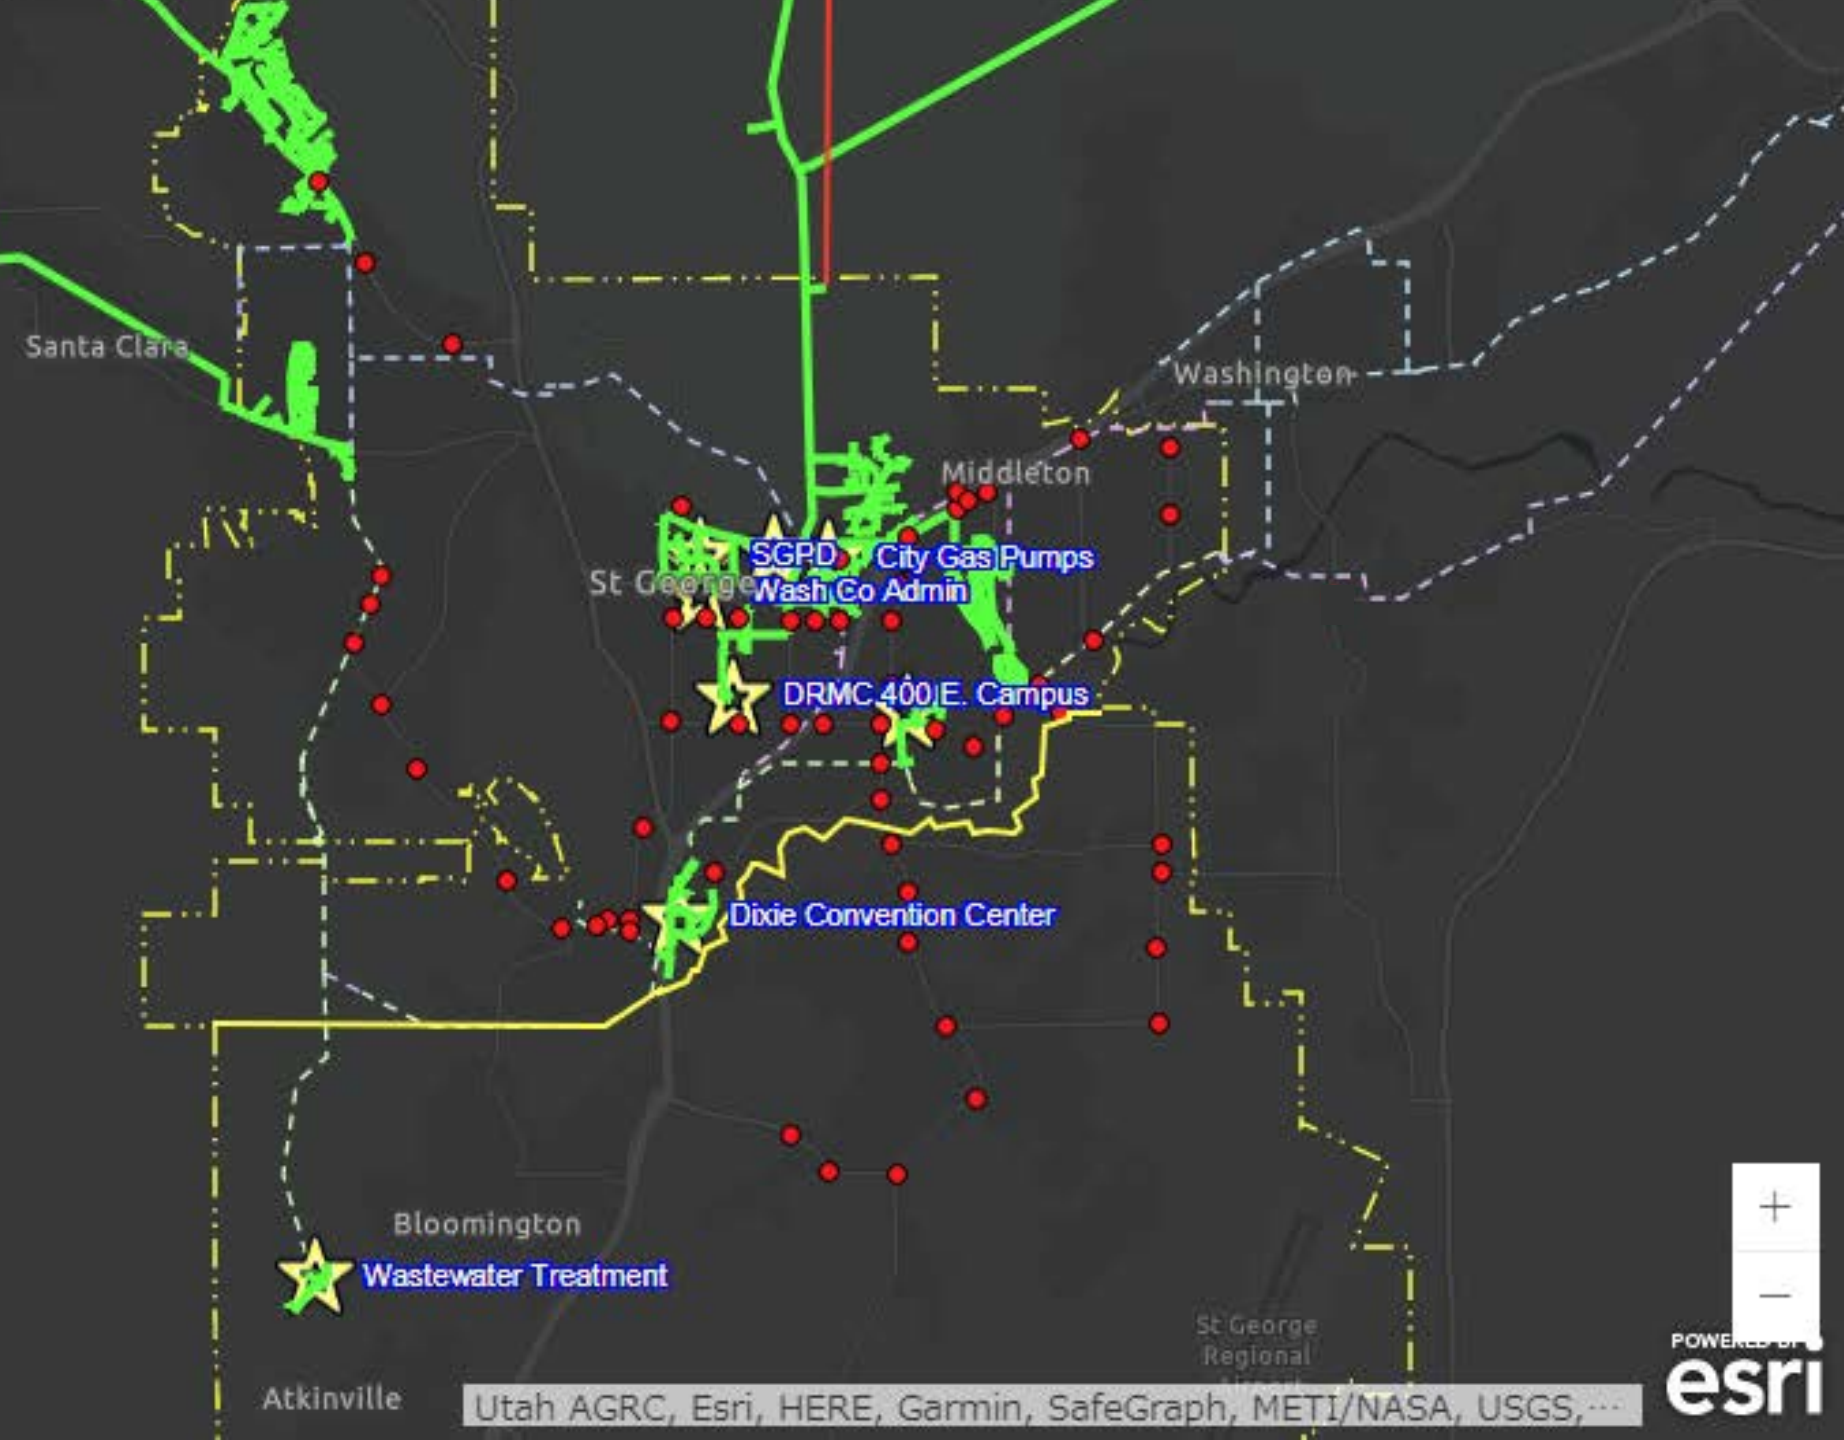

POWERED BY
esri

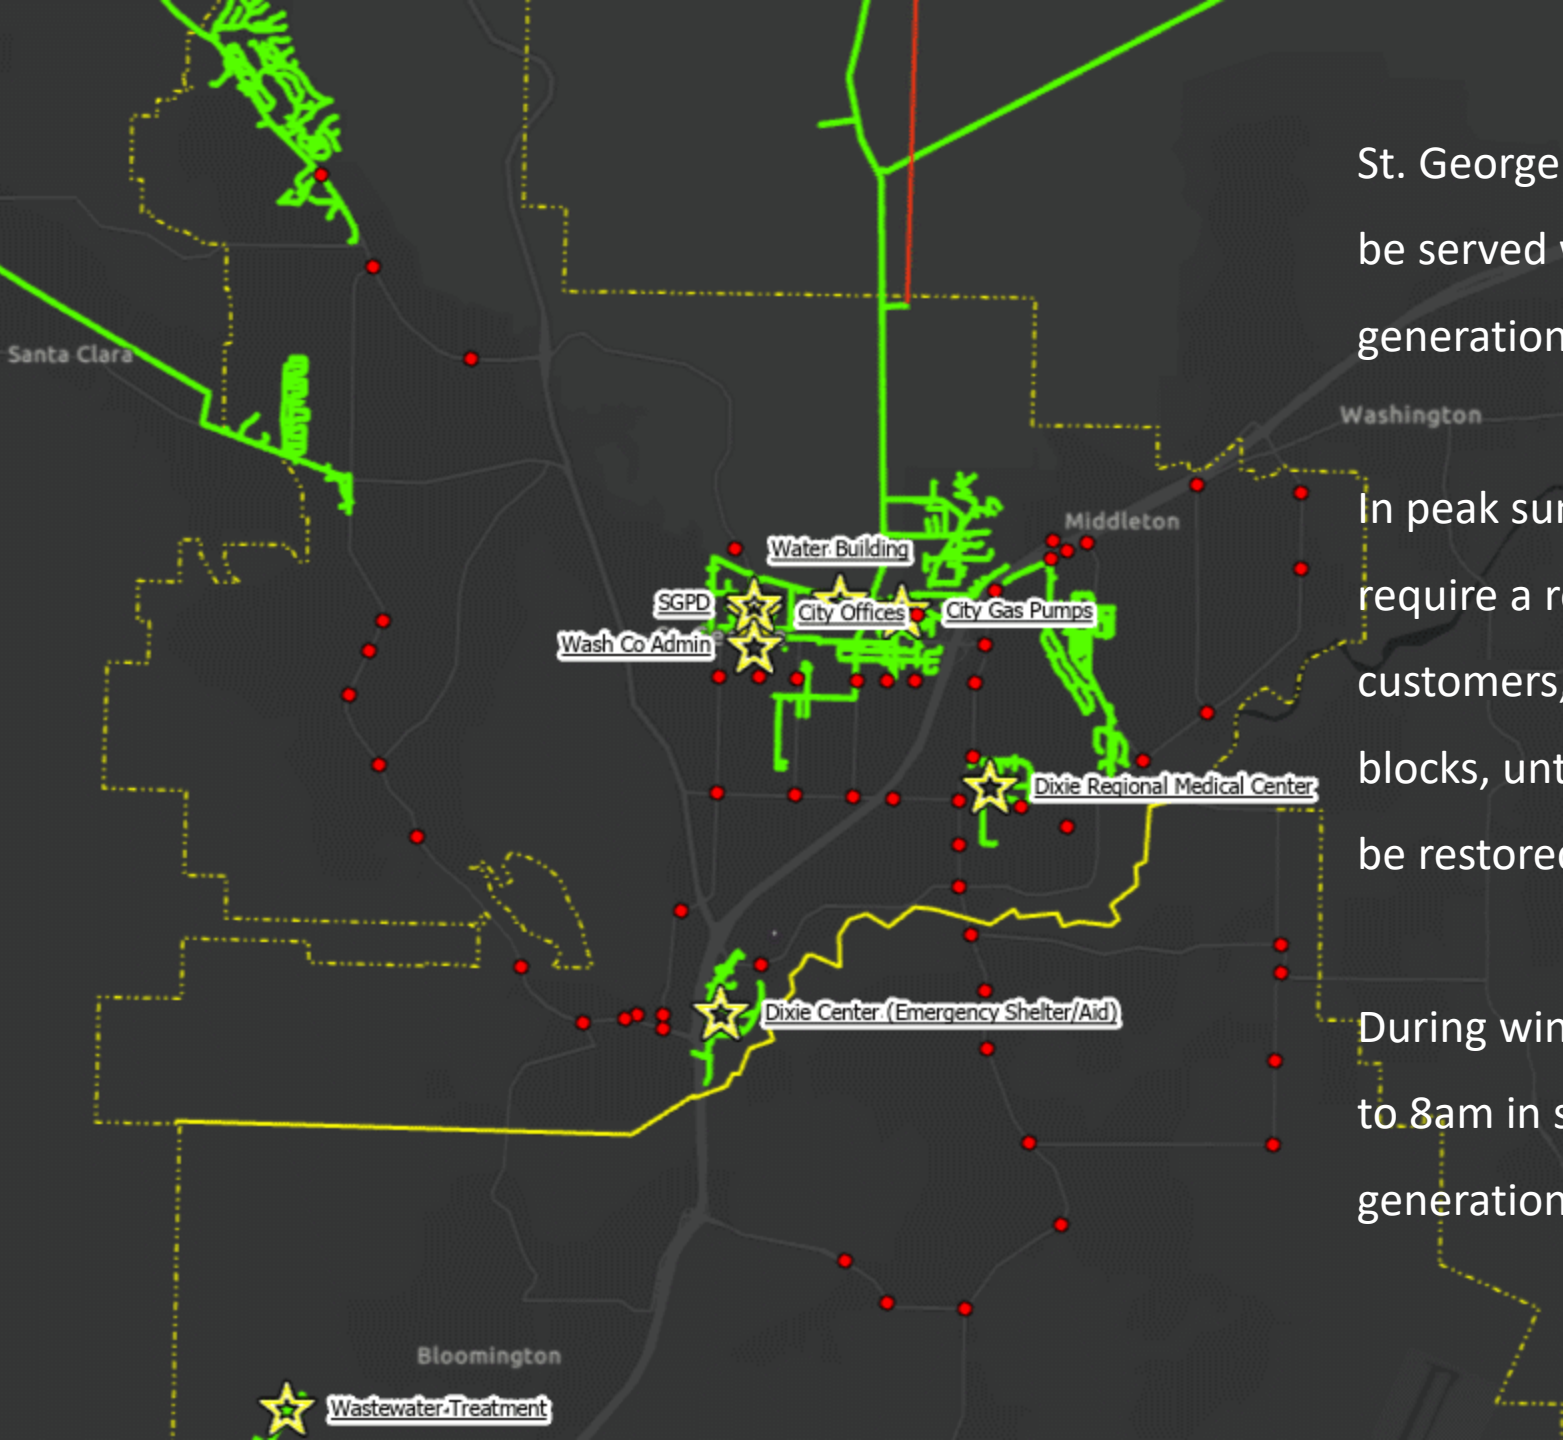

Utah AGRC, Esri, HERE, Garmin, SafeGraph, METI/NASA, USGS, ...

City operated traffic signals can be operated with generators as recommended by SGPD and with the assistance of the Streets Department.

UDOT is responsible for and has plans in place for signals on streets they maintain, including:

- St. George Boulevard
- Sunset Boulevard
- Bluff Street

St. George Energy Customers will be served with available remaining generation capacity.

In peak summer times this will require a rotating outage of customers, in approximately 2 hour blocks, until permanent power can be restored.

During winter and from midnight to 8am in summer available generation covers 100% of the load
