Dear Mr. Becker,

The Utah Transit Authority (UTA) has been involved in providing transit in the canyons for a number of years and has a strong interest in improving transportation options in the Wasatch Mountains. It is our understanding that the founding agreements for the Central Wasatch Commission (CWC) were revised recently to allow ex officio positions on the commission board. Accordingly, the UTA Board of Trustees formally requests the CWC consider allowing a member of the UTA board to fill one of the ex officio positions on the CWC board. If approved, UTA would commit to an annual contribution of \$50,000 to the CWC to aid in its ongoing efforts.

We appreciate your collaboration and consideration of transit as a solution for our canyons and look forward to continuing our partnership in the future.

Sincerely,

Carlton J. Christensen
