Municipal Building Authority Special Meeting

Municipal Building Authority Special Meeting and presentation of Resolution #2020-260 authorizing the issuance and sale by the Municipal Building Authority of Davis County, Utah of not more than $24,300,000 aggregate principal amount of Lease Revenue and Refunding Bonds, Series 2020, and related matters— *Presented by Curtis Koch, Davis County Clerk/Auditor, and Jonathan Ward, Zion's Public Finance*

It was mentioned this special meeting was publicly noticed in advance.

Curtis Koch, Davis County Clerk/Auditor, began by saying this exciting opportunity has been years in the making. This parameter resolution will refund the existing bonds for the County's Administration Building and the other buildings associated with that 2009-2010 project. It also sets the refinancing terms, including the "not to exceeds," and adds new money towards the pricing and completion of the Memorial Courthouse project. The Courthouse project was brought before the citizens of Davis County in 2017 and with the approved tax increase, the funding source is in place. It is projected that refinancing right now will save the County approximately $1.6 million dollars over the next 20 years. Curtis also said that though these are hard times, through good management the County is in a great position to help stimulate the local economy by creating jobs.

Jonathan Ward, Zion's Public Finance, reminded the Commissioners they are currently acting as the Board of Trustees for the Municipal Building Authority. He continued by stating the market is very interesting right now due to the really high unemployment rates that appeared in a matter of months. Utah went from an unemployment rate of approximately two and a half percent up to around nine percent. While parts of the State were hit harder than others, Davis County is fortunate to not have the same level of unemployment despite feeling the impact. Interest rates are at all-time lows because of the turbulent economic times, as seen in the bond buyer and revenue bond indexes. The interest rates for this refinancing are estimated to be just over two percent for the 20 year time period, which is a very aggressive and low interest rate. As was already mentioned, the savings will be around $1.6 million dollars, which averages out to about $90,000 per year. Jonathan congratulated the County on being prepared and taking steps to pay for the project; it is simply fortuitous to do the project with very low interest rates.

Resolution #2020-260 authorizing the issuance and sale of Lease Revenue and Refunding Bonds, Series 2020

The resolution, prepared by Gillmore and Bell, being presented authorizes the initial steps in this refinancing process. It outlines the parameters and sets the maximum "not to exceeds" at $24,300,000. About $16.5-17 million of that will be for refinancing and about $7-7.5 million would be for the new Memorial Courthouse project. The resolution also states the interest rates will not exceed five and a half percent, which is the maximum coupon or premium. In exchange for the high coupon, bond investors will pay money up front, allowing the bond issue to be downsized and excess funds to go towards project

proceeds. The bond's final maturity is set to not exceed 25 years but it is anticipated to reach final maturity at 20 years. The resolution also stipulates that the investors will pay no less than 98 percent of the face amount of the sold bonds, although it is expected to receive 100 percent of the sold bonds. This language is included to give the County beneficial flexibility when it is time to go to the markets.

This resolution also calls for a public hearing, which will be held on July 21, 2020. There will be two notices published in the newspaper. Both Jonathan and the Gillmore and Bell representatives will be there to answer questions or provide clarification. After that hearing there will be another resolution authorizing the issuance of bonds that can be passed in the hearing or at a later date. The resolution period is 06/16/2020 to 09/30/2020. The amount is $24,300,000.

The Commissioners said they have had a chance to discuss this resolution with the Clerk/Auditor and they feel this will bring savings to the County despite the challenging times. They are also grateful for the excellent financial management of this County which gives Davis County options like this.

Motion to Approve: Com. Elliott
Seconded: Com. Kamalu
All voted Aye

Commissioner Elliott moved to reconvene Commission Meeting. Commissioner Kamalu seconded the motion. All voted Aye.

COMMISSIONERS' MINUTES – DAVIS COUNTY

COMMISSION COMMENTS

Commissioner Kamalu invited comments from the dais.

Clerk/Auditor

Curtis Koch, Davis County Clerk/Auditor, said on June 9 the ballots were mailed. Curtis encouraged people to vote by mail or to use the ballot drop boxes at city office buildings. There will be drive-thru voting on election day, June 30, 2020. This will be a first, but to avoid long lines, citizens are encouraged to vote using the ballot that was mailed. The ballot printed at the polling location will be the same as the one that was mailed. Everything is being done to make this process smooth. Also, for additional information regarding the election, citizens can visit Davisvotes.com. Lastly, Curtis encouraged the voters to get involved and engage in the process.

The Commission asked how first time voters can register. Curtis explained citizens can register online at vote.utah.gov. With new legislation that was passed, same-day registration is not available at the polling location, so voters are encouraged to register or update their registration online. The last day to register is this Friday, June 19, at 5 p.m.

Commissioners

Commissioner Elliott shared part of a [Facebook] post from Follow the Flag of North Ogden. The post reads: "Our deepest condolences go out to the family and friends of First Lieutenant Kenneth "Kage" Allen, US Air Force. He was a member of the 48th Fighter Wing stationed Royal Air Force (RAF) Lakenheath, Suffolk, England and was involved in a crash of his F-15C Falcon." Commissioner Elliott added that Lt. Allen grew up in the Brigham City area and his family has deep roots here in Farmington. Commissioner Elliott finished by saying, "Welcome home cousin; we'll bring you home. We want to say thank you for your service and your family, your brothers, who also served in the military and we'll bring you home and we'll make it right with your family. Thank you."

Commissioner Kamalu wanted to thank those involved for all the work going on in Davis County to help businesses and citizens get through the pandemic. The Davis County Community and Economic Development Director, his team, and the Auditing team have been working hard to roll out a plan using the first tranche of money already in the bank. As of this past Friday, a little over $10 million dollars has been designated to cover extra expenses directly related to COVID-19. Davis County is partnering with all of its 15 cities and conversing very closely with them to give the the very best possible service to citizens and businesses in the County. The first tranche of money will have potential to help businesses with 49 or less employees. There has been amazing collaboration among many different County departments to make this possible, from writing policy to getting the financials in order. Collaboration should not be taken for granted. She feels the collaboration and cooperation in Davis County is tremendous and benefits the community at large. Commissioner Kamalu once again thanked those in the County and the community partners who are digging deep and helping one another, which is a hallmark of the American spirit. She also encouraged everyone to vote and take advantage of that wonderful opportunity.
