

Bryce Canyon City

Emergency Meeting

July 7th, 2020

10:00 A.M.

70 West 100 North

Attending: Mayor Shiloh Syrett, Mike Stevens, Gary Syrett, Cherrie Tebbs, Taryn Syrett, and Sydney Lamas

- A. **Purchase East Fork Irrigation Water Shares** – Shiloh has been approached to purchase 10 shares of East Fork Irrigation Water. They are owned by Nick Pollock family. Gary made some calls to research the water shares. Discussions with both MonDell Syrett and Jeff Brinkerhoff, Irrigation Secretary on if the water shares can be transferred to Bryce City from Tropic. They felt it may be best if Ruby's Inn buys the shares since they already have shares in Tropic. Danny Brinkerhoff, Head of the irrigation board, thought that since the shares were in town, there may be an issue transferring them up on top. If they were shares on the out skirts of Tropic, it would be easier to transfer. The shares are being sold for \$15,000. Jeff mentioned they usually sale for \$1000/share. The Town does need to look into water shares for future growth, however the council agrees not to purchase the shares at this time. Motion by Mike to not purchase East Fork Irrigation water shares at this time but the City should continue to look for future shares, 2nd by Gary, Cherrie yes.

Motion to adjourn the emergency meeting made by Mike, 2nd by Cherrie, Gary yes,
