The purpose of the public hearing is to provide citizens with pertinent information about the grant program and to allow for discussion of possible applications.

The Mayor asked the citizens for ideas to use this money that they feel would be best for Mayfield. He stated that the CDBG Program can fund a broad range of activities, construction of public works and facilities, water and sewer lines, fire stations, acquisition of real property and provision of public services such as food banks or homeless shelters.

Some of their suggestions included sidewalks, horseshoe pits, develop campsites, fire station and fire truck, hiking trails, pickleball courts. and purchase property by the park and also land for an industrial park. Mayor talked about the land we own up by the cemetery and that the council had talked about putting in a BMX , motocross or shooting range on our property.
