Seth Olsen was at the meeting to talk to the council about the water connection on his property that he has purchased from Keith Larsen. He stated that there is a meter box but it is not connected to the new system. He does not want to pay the impact fees and connection fees. Catherine stated that Van had checked our system blueprints back to 1988 and they do not show that property having a water connection. She also had talked to the attorney and he said that Seth would need to somehow show proof that at one time that property was connected to the Mayfield Town water system.
