

**Determination Regarding Holding Meeting Without Anchor Location**

Public Body: Appraisal License and Certification Board

Chair Name: Jeff Morley

The public meeting(s) scheduled for August 26, 2020 (Date or date range) will be conducted electronically and without an anchor location. I have determined meeting with an anchor location presents a substantial risk to the health and safety of those who may be present at the anchor location.

Facts upon which my determination is based:

There is still a significant concern and threat due to the ongoing pandemic. The administration building has been closed to the public with many staff members working from home. Prior meetings of the Appraiser License and Certification board have proven effective with the online format even without an anchor location.

For these reasons, I have determined to proceed with the August meeting without an anchor location. All board members, division staff, and members of the public have access to join the online meeting according to the notice and instructions provided.
