Passcode: 104522

Councilor Monica Blazzard seconded the motion.

1 The vote was unanimous. Councilors Garry Walker, Kevan Todd, John
2 Blazzard, and Monica Blazzard voted aye. Motion passed.
3
4

5 **PUBLIC COMMENT**
6

7 Mayor McCormick asked Natalie Souza and Councilor M. Blazzard if there were any
8 public comments on our email account or on Facebook Live.
9

10 Natalie Souza stated there was one comment that came in late last meeting asking why
11 the Kamas City limits go all the way to Quinn's Junction. Natalie Souza responded back
12 explaining where our boundaries are and offered to show her maps if she would like to
13 connect with her.
14

15 There were no other public comments.
16
17

18 **RESOLUTION 2020-09, A RESOLUTION APPROVING AND RATIFYING AN**
19 **INTERLOCAL AGREEMENT BETWEEN KAMAS CITY AND SOUTH**
20 **SUMMIT SCHOOL DISTRICT FOR DISBURSEMENT FROM THE**
21 **CORONAVIRUS RELIEF FUND**
22

23 Mayor McCormick explained the Cares Act money we received can be used for
24 Coronavirus related expenses including wages. We received \$65,737 from the first
25 allotment and will be getting a second allotment after Thursday. One of the things we can
26 do with the funding is subcontract with the school. The school district is not eligible to
27 receive funds, but we can help them. This is what the agreement is for. It says the South
28 Summit School District will not spend the funding on anything that is not covid related.
29 It's just a formality because the way we are approaching this is the school is giving us a
30 wish list of items to purchase and the city is purchasing them. Our attorney suggested do
31 it this way. It helps the school district to purchase safety items like facemasks, shields,
32 plexi glass dividers, and cleaners. This will help keep the kids, teachers, and staff safe.
33

34 Councilor M. Blazzard asked if we have spent any of the money on the City yet.
35 Mayor McCormick explained some of the employee's time has been reported, cleaning
36 supplies, hand sanitizers, face masks, sneeze guards. Some of the attorney's fees can be
37 used.
38

39 Councilor M. Blazzard asked if we can take care of Kamas City first by getting some
40 fogger machines to make it easier to sanitize the buildings and playground equipment.
41 Mayor McCormick explained Francis City has just purchased some fog machines and
42 Kim Peacock has been in contact with them to get some more information on purchasing
43 those.
44

45 Councilor M. Blazzard asked if there enough facemasks and supplies to make the
employees feel safe.

1 Mayor McCormick explained there are plenty of face masks in the office. We are trying
2 to provide everything that will make everyone feel safe.

3
4 Councilor M. Blazzard asked if this is a use it or lose it program.

5 Mayor McCormick explained we have to report how we're spending these funds on the
6 Utah Transparency website. Whatever money is unspent at the deadline, we have to
7 return.

8
9 Councilor M. Blazzard asked if we are accountable for reporting for the school supplies.
10 Mayor McCormick explained we purchase the supplies and the school picks them up
11 from us. We would report the expenses.

12
13 Councilor M. Blazzard asked if we can give back to the businesses through grants.
14 Mayor McCormick explained the problem is businesses can't be given the money in
15 duplicate. If they've already received money for one thing, we can't give them money for
16 the same thing. There are other ways we've provided grants to the businesses. We can
17 impact and help a lot more people by helping the school district between the kids, staff,
18 and teachers then trying to figure out if a business has already been given a duplicate
19 grant.

20
21 Councilor M. Blazzard asked Kim Peacock if there's anything she see's at the City Hall
22 that we need or she's noticing. Kim Peacock replied they've purchased everything they
23 need so far. Councilor M. Blazzard asked Matt Crittenden if his department is good. Matt
24 Crittenden replied they're good. They have plenty of sanitizer and masks. Councilor M.
25 Blazzard asked Matt Crittenden if he needs foggers to clean their trucks. She would like
26 to take care of our city residents first. Matt Crittenden replied yes, if we're able to get
27 some for the playgrounds they would use them for their trucks as well.
28 Councilor M. Blazzard feels our police department could benefit from them also. To keep
29 the vehicle clean and keep everyone healthy and sanitized.

30
31 Councilor M. Blazzard asked if there's anyway to set a side some of the money just in
32 case something comes up before we give it all away to the school. As we come close to
33 the deadline if we haven't used it we can look at it.

34 Mayor McCormick explained out of the \$65,000 we've received the school has only
35 asked for approximately \$14,000 worth of items. He doesn't think there's an issue with
36 needing to set some aside. Especially with the second disbursement coming. It is being
37 monitored closely by making sure our city has what it needs along with helping the
38 residents who are in our school systems.

39
40 Councilor M. Blazzard replied she wants to take care of the city and the residents first.
41 She feels like it can be taken away as easy as it was given. She would like to make sure
42 we have all our bases covered.

43 Mayor McCormick stated they're not going to take it away. We have the money in our
44 account. We reimburse ourselves as the money gets spent.

45
46 Councilor M. Blazzard just wants to be cautious.

1 Councilor Todd confirmed that we received \$65,737 and the school will let us know what
2 their need is and we'll help them out. Mayor McCormick stated that's correct.

3 Councilor Todd stated if Councilor M. Blazzard is so willing to help the employees why
4 don't we give them their 6% cost of living raise back.

5 Councilor M. Blazzard stated this doesn't apply to this. She's looking at their health and
6 safety.

7
8 Councilor J. Blazzard asked if Francis and Oakley are doing the same thing.

9 Mayor McCormick stated it's his understanding that Francis did apply for the Cares Act
10 funding. They are looking at some fogging machines. He has talked to Mayor Ames and
11 he wants to be on board helping the school as soon as they determine how much they
12 have spent. Oakley has not applied for their funding yet. Mayor McCormick is trying to
13 help the people who come and go from our city along with the residents of our city.

14
15 Councilor J. Blazzard is concerned when we get a large amount of money from the feds
16 that we get in a panic mode of trying to figure out how to spend it. We need to do what
17 we need to do to help them. With all the kids and the vehicles they are riding in, it's a big
18 concern that they're kept clean. With our employee's vehicles, they don't have a lot of
19 people getting in them. We need to use the money wisely, they're still tax dollars.

20
21 Councilor Walker feels the safer we can make the schools the better. They go to our
22 shopping centers, they're in the community every day. The safer we can keep them, the
23 safer we keep our city.

24
25 Mayor McCormick feels the same. Kamas is the hub, all the schools are in Kamas. He
26 doesn't feel bad about helping the school. Mayor McCormick also wants to make sure
27 our employees are safe.

28
29 Councilor J. Blazzard feels it's really important to keep the kids in school and if we can
30 keep them safe it's money well spent.

31
32
33 **MOTION:** Councilor John Blazzard moved to approve Resolution 2020-09, A Resolution
34 approving and ratifying an interlocal agreement between Kamas City and
35 South Summit School District for disbursement from the Coronavirus Relief
36 Fund.

37 Councilor Kevan Todd seconded the motion.

38 Mayor McCormick asked for a roll call vote:

39 Councilor M. Blazzard voted "aye"

40 Councilor Todd voted "aye"

41 Councilor Walker voted "aye"

42 Councilor J. Blazzard voted "aye"

43 The vote was unanimous. Motion passed.

1 **CITY HALL PARK DISCUSSION**

2
3 Scott Kettle has been working with the playground equipment companies. We had talked
4 about using our park impact fees to purchase some of the equipment. We have about
5 \$87,000 in impact fees. We're trying to do an all abilities playground. This makes it more
6 ADA assessable. They have ADA woodchip grounding or rubber grounding. The
7 difference is from \$2.00 sq. ft to \$15.00 sq. ft. The rubber would be more assessable.

8
9 Councilor M. Blazzard told the council Rondel Clegg told her the wheelchairs are hard to
10 push in the wood chips.

11
12 Scott Kettle explained if we go with wood chips, we will have to put ramps around to get
13 to the playground equipment. Maybe we could do a combination. He would like the
14 council's opinion and will bring final numbers back for approval.

15
16 Councilor J. Blazzard feels we should spend more money on equipment and use a
17 combination of both rubber and wood chips.

18 The council members agreed.

19 Councilor Walker feels we should choose a lighter color because the darker colors get too
20 hot.

21 Scott Kettle will get the final numbers for the next meeting and start work on the design.

22
23
24 **COUNCIL REPORTS**

25
26 Councilor Todd reported mosquito abatement met and the West Nile has pretty much
27 gone away this year. They are spraying and keeping it under control.

28 Mayor McCormick asked Councilor Todd about the security of the barn doors at the
29 shack. Councilor Todd explained he is having Darrell Thomas make a bar to attach to the
30 building to keep the doors secure.

31
32 Councilor Walker had nothing to report but thanked Councilor Todd and the public
33 works department for all the work they've done on the hamburger shack.

34
35 Councilor J. Blazzard reported the fire department has moved into the new station. He
36 hasn't heard what the plans for the old station are. Mayor McCormick stated he heard
37 they will be putting it up for sale.

38
39 Councilor M. Blazzard reported on the social media followers. There is nothing going on
40 with the business association.

41
42 Mayor McCormick reported we do have a bunch of face masks at the City Hall if anyone
43 needs any. These were donated to the City from the County.

44
45 Councilor Todd reported he has had a couple of complaints about the townhomes on 200
46 East with residents parking travel trailers in the city right-of-way. Mayor McCormick

1 told Councilor Todd we are currently taking care of this. Natalie Souza reported on the
2 enforcement she has been doing to take care of the problem. Councilor J. Blazzard feels
3 there's too much trailer, vehicle, and boat storage in our city right-of-way and we need to
4 take care of it.

5
6
7 **ADJOURN**

8
9 **MOTION:** Councilor Kevan Todd moved to adjourn at 8:10 p.m.

10
11
12 ***The content of the minutes is not intended, nor are they submitted, as a verbatim***
13 ***transcription of the meeting. These minutes are a brief overview of what occurred at***
14 ***the meeting.***

15
16 Approved on the 8th day of September, 2020.
