

Internal Service Fund Rate Committee Information Packet for Committee Meetings Scheduled September 2020

Rate Committee Members and Customers,

The Department of Administrative Services (DAS) provides essential services to state agencies, higher education institutions and technical colleges, school districts, and political subdivisions. Most of these services are provided by divisions that operate as Internal Service Funds (ISF). In other words, these divisions charge a rate for service. While these divisions provide hundreds of services, DAS is proposing changes to rates for some of the services associated with three divisions for FY 2022:

- Facilities Construction and Management proposes rate changes for 20 out of over 200 programs, and three new programs or scope changes.
- Risk Management is proposing rate increases in four of its programs: a small overall Liability rate increase to address actuarial loss projections and rising excess liability insurance costs; a more substantial Property rate increase to implement actuarial projections and cover the increasing costs of excess property insurance; a relatively small Auto Physical Damage increase to accomplish actuarial loss projections; and a considerable increase in Workers Compensation rates to address the financial impact of recent state legislation that created presumptive coverage for first responders that contract COVID-19.
- Fleet Operations proposes an increase to the retail and state-owned fuel rate. This increase is intended to address losses related to COVID-19; costs associated with unfunded Federal- and State-mandated fuel site upgrades; and remediation costs. State Travel proposes an increase for airline reservations. This change primarily addresses losses experienced due to the travel ban during COVID-19.

Information about these divisions and rate changes is provided as part of this packet. Additional information is provided for the Division of Finance and the Division of Purchasing and General Services, although neither division is proposing changes to its rates.

Statute requires a DAS division that operates as an internal service fund submit a rate and fee schedule annually to a rate committee with members, appointed by the Governor, that use services and pay rates to the department. The rate committee recommends proposed rate and fee schedule changes to the Governor's Office and the Legislature.

The intention of this packet is to inform both the rate committee members and agency customers as to rate changes proposed by the department prior to rate committee meetings. Should you have any questions or concerns, please feel free to contact DAS at 801-957-7171.

Respectfully,

Tani Pack Downing Executive Director

HuerDowning

Utah Department of Administrative Services

Kenneth A. Hansen Deputy Executive Director

Utah Department of Administrative Services

Written Determination Made Pursuant to Utah Code §§ 52-4-207(4) and (5)

I, Todd E. Kiser, Chair of the Department of Administrative Service (DAS) Rate Committee (Committee), have determined that the September 9, 2020, meeting of the Committee will be held electronically without an anchor location pursuant to Utah Code §§ 52-4-207(4) and (5). I make this determination because of substantial risk to the health and safety of those who may be present at an anchor location.

This determination is based on the following facts:

- 1. Utah is currently dealing with COVID-19, which has been determined to be a pandemic. COVID-19 is extremely contagious and can be deadly to those who contract it, especially those of advanced age and underlying health conditions.
- 2. The DAS offices are in Salt Lake County, which is currently in the State's yellow low-level risk category. This limits the size of public gatherings to fewer than 50 people and requires the wearing of masks and social distancing.
- 3. A vast majority of DAS staff and the members of the Committee are teleworking to avoid unnecessary contact with others.
- 4. The meeting room is insufficient to ensure social distancing and reasonably safe accommodation of the Committee and the public.
- 5. The Committee uses an electronic platform which allows interested parties to view the meeting, hear discussions and provide written comment.

This determination expires 30 days from the date it is issued. Dated this 26th day of August, 2020.

Todd E. Kiser

Chair of the Department of Administrative Services Rate Committee

Agenda

DAS FY2022 Internal Service Fund Rate Review Committee Meeting

DATE: Wednesday, September 9, 2020

TIME: 9:00 a.m.

PLACE: Google Meet Virtual Meeting – to view or make a comment at the meeting, see notice below

I. Committee Business:

- a. Welcome Todd Kiser, Insurance Commissioner and 2018-2019 Rate Committee Chair
- b. Determination Made Pursuant to Utah Code § 52-4-207
- c. Election of a New Chair
- d. Approval of minutes of September 11, 2019
- e. Open and Public Meetings Act Training –Attorney General's Office
- f. Overview of DAS and Rate Committee Responsibilities Ken Hansen, Deputy Executive Director, Department of Administrative Services

II. Presentation by DAS Internal Service Funds

- a. Finance Janica Gines, Assistant Director
 - Purchasing Card program
 - 1. Presentation
 - 2. Discussion
 - a. Committee
 - b. Public
 - 3. Action Items Vote on FY 2022 Rates
- b. **Purchasing and General Services -** Christopher Hughes, Division Director
 - Cooperative Contracts program
 - State and Federal Surplus Property programs
 - Print Services program
 - State Mail and Distribution Services program
 - 1. Presentation
 - 2. Discussion
 - a. Committee
 - b. Public
 - 3. Action Items Vote on FY 2022 Rates
- c. Facilities Construction and Management Nick Radulovich, Assistant Division Director
 - Facilities Maintenance program
 - 1. Presentation
 - 2. Discussion
 - a. Committee
 - b. Public
 - 3. Action Items Vote on FY 2022 Rates and Rate Changes

Page 2

- d. **Risk Management** Brian Nelson, Division Director
 - Liability Insurance program
 - Property Insurance program
 - Auto Insurance program
 - Workers Compensation program
 - Learning Management System (LMS)
 - 1. Presentation
 - 2. Discussion
 - a. Committee
 - b. Public
 - 3. Action Items Vote on FY 2022 Rates and Rate Changes
- e. **Fleet Operations** Stewart Cowley, Division Director
 - Motor Pool program
 - Fuel Network program
 - State Travel Office program
 - Transactions team program
 - 1. Presentation
 - 2. Discussion
 - a. Committee
 - b. Public
 - 3. Action Items Vote on FY 2022 Rates and Rate Changes

Subsequent Meetings (if necessary)

Wednesday, September 16, 2020, Google Meet virtual meeting, 9:00 a.m. Friday, September 25, 2020, Google Meet virtual meeting, 9:00 a.m.

COMMITTEE MEMBERS

Richard Amon, Chief Financial Officer, Utah System of Higher Education
Mark Brasher, Deputy Director, Department of Human Services
Joseph Brown, Division Director, Department of Public Safety
Todd Kiser, Commissioner, Department of Insurance
Jaceson Maughan, Commissioner, Labor Commission
Chris Parker, Executive Director, Department of Commerce
Richie Wilcox, Budget and Financial Operations Specialist, Governor's Office of Management and Budget

Notice: A written determination has been made pursuant to Utah Code §§ 52-4-207(4) and (5) that conducting the meeting with an anchor location presents a substantial risk to the health and safety of those who may be present at the anchor location. To view or make a comment at this meeting, **register before 12:00 Noon, September 8, 2020**, using the form at https://docs.google.com/forms/d/e/1FAIpQLSdkBewdKOwxqprr5B5n7AJ97H51 wawQJSWsvBkhaYCcDWGYQ/viewfo rm?usp=pp_url. A link for the meeting will be provided to those who register before the deadline.

ADA Notice: In compliance with the Americans with Disabilities Act, individuals needing special accommodations (including auxiliary communicative aids and services) during this meeting should notify Ms. Melissa Brown at the Department of Administrative Services, 4315 S 2700 W FL 3, Salt Lake City, Utah 84129-2138, or call 801-957-7171, at least three (3) business days prior to the meeting.

2019 ISF Rate Committee Meeting Minutes

For the meeting held Wednesday, September 11, 2019

1		
	(h	

PENDING

Department of Administrative Services **FY 2021 Rate Committee Meeting Minutes**September 11, 2019, 9 AM to 12 Noon
Utah State Capitol – Room 445

Committee Members:

Chair Todd Kiser, Commissioner, Department of Insurance
Becky Bradshaw, Comptroller, Department of Transportation
Joseph Brown, Division Director, Department of Public Safety
Scott Jones, Deputy Superintendent, Utah Board of Education
Richie Wilcox, Budget and Finance Operations Specialist, Governor's Office of Management and Budget
Jaceson Maughan, Commissioner, Labor Commission, and
Mark Brasher, Deputy Director, Department of Human Services

Attendees: Ken Hansen, Paul Tonks, Tani Downing, John Reidhead, Cory Weeks, Windy Aphayrath, Chris Jennings, Dave Williams, Mark Yeschick, Shuai Wang, Jake Hennessy, Scott Whitney, Nick Radulovich, Ryan Huntsman, Michael Jones, Kristin Phillips, Jim Russell, Darin Dennis, Brian Jensen, Brian Nelson, Stewart Cowley, Kathy Clements, David Lund, Rod Morris, Jonathan Stutz, Brian Wikle, Robert Slade, Christopher Hughes

Welcome and Approval of Minutes

Chair Kiser welcomed everyone to the FY21 Department of Administrative Services (DAS) Rate Committee meeting. He introduced each committee member and thanked them for participating.

There is a correction to the September 12, 2018, minutes. The error was on page 9, 4th paragraph, last sentence. Remove "get" after "Risk Management" so that the sentence reads, "Commissioner Kiser would like to have Risk Management have the agencies engage in training to mitigate losses."

Mr. Jones motioned to approve the corrected minutes. Mr. Brasher seconded the motion and the motion was approved by the Committee.

Open Public Meeting Training

Paul Tonks, Assistant Attorney General, provided training on the Open and Public meetings act for the Committee.

Overview of DAS & Rate Committee Responsibilities

Ken Hansen, Deputy Director of the Department of Administrative Services, thanked the committee members for their participation. He also thanked Dave Williams, DAS Finance Director, and Mark Yeschick, Financial Manager, for their efforts along with several others in getting all of the information ready for the Rate Committee meeting. There were three changes to the rate packet, those changes were provided to the Committee and posted to the Public Meeting Notice (PMN) website. The corrections included: the rate impact, the program information for Risk Management, and updates to some of the building names for Division of Facilities and Construction Management (DFCM).

Mr. Hansen provided an overview of the responsibilities for DAS and the Committee. He also thanked all of the employees of DAS for their hard work. DAS services help agencies to provide services to their customers. Mr. Hansen shared the DAS new mission, vision and values with the Committee. Then turned the time over to the ISF Divisions for rate presentations.

Division of Finance

John Reidhead, Director of the Division of Finance, reviewed the purchasing card program which provides a cost-efficient method of making purchases with usage increasing over 3% in 2018. Part of the purchasing card program includes a rebate for state agencies. The net rebate sent to state agencies was \$330,966 which is down by 4%. Mr. Reidhead also reviewed the retained earnings with the Committee. There was no rate recommendation for the FY21 rates. Mr. Hansen asked that the committee approve the existing rate.

Chair Kiser asked if agencies had a year to spend the rebate money and when does US Bank rebate the funds. The rebate is received by Finance in March or April then the rebate for each agency is determined. The rebate is then given to the agencies around May. Mr. Hansen mentioned this is discussed with agencies during their DAS customer service meeting.

Chair Kiser then asked for a motion to approve the existing purchasing card rate. Commissioner Maughan motioned to approve the purchasing card rate. Mr. Jones seconded the motion and the motion was approved by the Committee.

Division of Facilities Construction and Management (DFCM)

Nick Radulovich, Assistant Director of the Division of Facilities Construction and Management, reviewed the facilities management rate, new program and scope changes, the facilities management labor rate and existing rates. By using a regionalized approach, DFCM can provide more services to state agencies. DFCM is asking for 11 rate increases for facility management throughout the State. Examples of need are as follows: the Layton Department of Workforce Services building has been through several severe snowstorms that have affected the building. The Utah State Developmental Center is a large campus and needs more attention than has been previously provided. Mr. Brasher said that many of the buildings are very old and do need more maintenance.

There are a four new program and scope changes for this year which include additional square footage on two buildings and two new buildings.

Mr. Radulovich then provided the facilities management labor rates which are for services that are outside of the Operations and Maintenance (O&M) rate. For example, the Department of Agriculture and Food asks for filter changes on their granary in Ogden. Mr. Wilcox asked about the garage rates. Are these to improve retention or are they the going rate? Mr. Radulovich said these are to cover for items that DFCM does not normally provide as part of the O&M and to cover the cost of the compensation package. Mr. Brasher asked about the cost per square foot (\$4.65) is that the same as the O&M rate. Mr. Radulovich indicated, yes, it is the same rate.

Chair Kiser asked if there was any public comment or questions. There was no public comment or further questions.

Chair Kiser then asked for a motion to approve the rate changes in the three areas and approve the existing rates. Mr. Brasher motioned to approve the rates, Ms. Bradshaw seconded the motion and the Committee approved the motion.

Division of Risk Management

Brian Nelson, Director of the Division of Risk Management, and Darin Dennis, Assistant Director of the Division of Risk Management, reviewed the liability program, property premiums, auto premiums, the worker's compensation program and the learning management system (LMS). Mr. Nelson also introduced Mr. Rod Morris, the actuary and Mr. Jonathan Stutz, the insurance provider who are available to help answer any questions.

Liability Program

Mr. Nelson mentioned that most states do not have this type of a risk management program as Utah and that state agencies in some states bear these types of costs. Utah utilizes a risk management pool and there are four groups in the pool. Utah's premiums are lower because of the size of the pool and those participants. Rates can change based on increased claims costs, claims rolling off the agencies history after five years and market changes. The Liability Fund has had a couple of transfers from Workers Compensation. There is a \$6 million shortage in the liability fund due to increased claim costs with school districts (losses and premium per pupil count) and higher education (losses and premium per pupil count). Chair Kiser asked why the incurred but not reported (IBNR) in FY17 is so high. Some claims have lagged depending upon the nature of the claim, basically those have been budgeted for by the actuary. Mr. Dennis mentioned that this includes bulk which is unforeseen knowledge on potential claims. Mr. Nelson said Risk is requesting a liability rate increase, next year Risk projects the program will have positive retained earnings. Rate recommendations are for school districts/charter schools, UDOT, Higher Education and other agencies. Mr. Nelson mentioned that Title IX claims are part of what makes up the increase for higher education. Mr. Brasher asked how the economy affects these claims. Mr. Nelson said that it is not uncommon when there is a downturn in the economy and layoffs for there to be more employment type claims. Title IX and civil rights claims are not normally affected by the economy. Higher education's claim experience has been increasing due to the varied and complex nature of their operations and population. Unless there are some larger claims which could always happen, the State should be fine. Chair Kiser mentioned that fraud increases during economic downturns. Mr. Wilcox asked if the spikes are random or if this is a trend. Mr. Nelson said he feels there is an increase in civil rights claims among law enforcement, corrections, higher ed (Title IX) and school districts. The state does not have tort limits on those types of claims. The Liability Fund's exposure has also increased due to judicial erosion and legislative changes to governmental immunity protections that are affecting this as well.

Property Program

Mr. Nelson said that property premiums were previously based on factors that were allocated to each building. This was looked at again and Risk is now recommending an actuarial based process. Risk Management is recommending that this be phased in over three years. Mr. Dennis said that the property fund has excess retained earnings, and, as Risk phases in the new process, it anticipates this will make the process more equitable. Chair Kiser said the Emergency Management Committee made several strong recommendations regarding earthquakes and the State is extremely underfunded in this area. Mr. Wilcox asked about the earthquake liability and what Risk is doing with the recommendations from the audit? Mr. Nelson mentioned this is one of Risk Management's strategic projects for the year. Risk Management met with the Federal Emergency Management Agency (FEMA), the Division of Emergency

Management (DEM) and the State's insurance broker. Risk Management is also getting information from other entities to look at this. This group is now meeting bi-weekly to discuss this and will have more information at a later time. The broker will also make recommendations, which will be presented to this committee, the Governor's office and the Legislature. Mr. Dennis said that Risk Management currently insure \$36 billion of buildings and contents, and its broker is recommending quake coverage limits of at least \$1.5 billion. Chair Kiser asked for any public comment on this item, there was none.

Auto Program

Mr. Dennis said that this is the second year Risk has used an actuary to calculate the auto rates. He mentioned Risk is asking for a 6.8% rate increase on auto premiums. There has been a Worker's Compensation transfer to retained earnings for auto premiums. Risk Management asked the actuary to change the weighting for vehicles. This change is based on internal claim data. The cost of repairing a vehicle since 2010 has increased 47%. Risk Management has seen higher losses with State agencies, which is why Risk has asked for an increase. Chair Kiser asked if there were any questions or public comment on this item. There was no public comment or questions from committee or the public.

Workers Compensation Program

Risk Management is not requesting any change to the Workers Compensation rates. Chair Kiser asked if there were any questions or public comment on this item. There was no public comment or questions from committee or the public.

Learning Management System

Mr. Dennis explained that the learning management system (LMS) is a statewide learning portal. It is used for driver awareness training along with other types of statewide training for staff. Staff from Risk Management assist other agencies with implementation and system issues. There is an hourly garage rate but there is no change in the rate. Chair Kiser asked if there were any questions or public comment on this item. There was no public comment or questions from committee or public

Mr. Wilcox asked what mitigation efforts are being used to lower claims in general for the State. Mr. Nelson mentioned there are still only three inspectors even though the number of buildings has increased. Risk Management has elevated life/safety issues and follow up on these areas including recommendations to the impacted entity. Training increases awareness. In the context of employment claim mitigation, the division has arranged to bring in the AG's office to provide prelitigation consultation, which has resulted in a decrease in claim costs. Doing this with smaller school districts and charter schools has helped. Risk Management is also doing inspections of the state's major assets and increased communication. Chair Kiser thanked Risk Management for implementing that program because it really does help.

Chair Kiser asked if there were any questions or public comment on this item. There was no public comment or questions from committee or public. He then asked for a motion to approve the Risk Management rates and increases. Mr. Brown motioned to approve the rates and increases, Ms. Bradshaw seconded the motion and the Committee unanimously approved.

Division of Fleet Operations

Stewart Cowley, Director of the Division of Fleet Operations, reviewed the four Fleet Operations programs including motor pool, fuel network, state travel and the transaction team and each has a rate change.

Motor Pool Program

Mr. Cowley mentioned the Division has been bringing the debt to the general fund down and continue to watch this. The motor pool lease rate in the past has had a varying rate on the residual. This is now set at 25%. Fleet Operations has reduced the number of vehicle classes making this more standard and easily defined. It was determined that some of Fleet's customers were over paying for sedans that are driven around town. Others were under paying for vehicles that are used for more heavy duty uses. Category changes have been made. Chair Kiser asked if there were any questions or public comment on this item. There was no public comment or questions from committee or public.

Fuel Program

Mr. Cowley explained the fuel network has been in place for 25 years and there were over 700 fuel sites operated at that time. There are now 239 state fuel sites with a variety of tanks including above and below ground. Other governmental entities besides the State can take advantage of the fuel network and fuel cards. Users can use a commercial or state-owned site to refuel fleet vehicles. Fleet Operations encourages governmental entities to use the state sites because of the cost savings. To encourage staff to use the state sites versus commercial sites, there is a Fleet Operations smartphone application that identifies state sites as the first refueling option. Chair Kiser suggested this is an area where savings could be worked on. Mr. Cowley mentioned that Fleet Operations now has a new fuel card provider and Fleet will be swapping out cards for over 40,000 users. The new fuel card provider has a dashboard so that management can coach and encourage use of the state sites with staff. Mr. Brown mentioned the Department of Public Safety has tried to use state sites so that they can save money. Mr. Cowley said that some sites have not been accessible and Fleet Operations has been working on this so those sites can be more utilized. Mr. Brasher asked that with the app, Fleet Operations could work with DTS so the app is preloaded on state supplied cell phones so that employees with have it. He also mentioned it can be difficult when there is not a state fueling site near your location. Mr. Hansen said that this is one of the items the Executive Director's Office will be discussing with agencies during the DAS customer service meetings.

The State no longer has any Compressed Natural Gas (CNG) sites as it is moving to electric vehicles. Mr. Brasher asked if Fleet is no longer purchasing CNG vehicles. The State is no longer purchasing CNG vehicles. Mr. Brown asked what happened with CNG. Mr. Cowley said the biggest problem was fuel sites, it was intimidating to pump the fuel, and infrastructure never kept up making it difficult to use for the public. Fleet Operations is proposing a fixed rate for the fuel network. Until now, Fleet Operations used a percentage rate plus a few cents, so Fleet Operations was either under or over collecting. In the past, Fleet Operations has paid penalties to the Internal Revenue Service (IRS) for over collecting. The environmental impact has changed over the 25 years since the fuel network was implemented. Fleet Operations now has staff who monitor and repair the fuel sites. Fleet Operations has been upgrading sites which has a cost and the division is trying to stabilize the fuel network retained earnings. By adjusting rates, Fleet Operations can get back to positive retained earnings.

Mr. Brown asked if the \$977,823 is for the total program or is that an increase. Mr. Cowley indicated that it is the overall program total using the fixed rate impact. It was also asked if with the higher net income (by collecting the \$977,823) would put the Fuel Network above the retained earnings limit. Mr. Cowley explained the average loss has been around \$1 million, and Fleet has given funds back to the general fund and the Feds. By using the flat rate, it makes it easier to see how the non-fuel costs that affect the rate. With the new fuel card program there will also be some efficiencies and Fleet Operations could possibly reduce staffing. By automating this process, it is now data driven, including the actual fuel tanks so that

Fleet Operations is no longer manually monitoring the tank (dipstick method). The cost for fuel at State sites is \$0.12 per gallon or \$0.23 per gallon if it is a low use site and \$0.23 for commercial sites.

Chair Kiser asked if there were any questions or public comment on this item. There was no public comment or questions from committee or public.

State Travel Program

Mr. Cowley explained by using State Travel, state agencies are getting not only travel services, but the travel agents are also purchasing agents so they know per diem rates as well. State Travel also provides duty of care services. This means that if there is a storm or issue with travel, the agents will work with staff to get them to and from their destination safely. Mr. Brasher asked why there are more airline tickets vs hotel bookings in the rate presentation. There are times when staff can book their own hotels, i.e. conference hotel or in-state hotels.

State Travel has entered into a new contract with Christopherson Travel and now there is a new fee with this contract. There is now a car only or car/hotel booking fee of \$8. The airline or airline/car/hotel booking fee remains unchanged at \$26. This rate is a pass through to the agencies. Mr. Jones asked if staff book through State Travel for a car/hotel/airfare that is \$26, if a new person takes over the car reservation do you get charged again. Mr. Cowley responded no, the \$26 fee is only charged once. It is charged on each different transaction.

Chair Kiser asked if there were any questions or public comment on this item. There was no public comment or questions from committee or public.

Transaction Team

Mr. Cowley briefed the Committee on a service that can be provided by the Transaction Team. This is a team of staff who are experts in the Finet processes. This is an audited product. Fleet Operations is the Transactions Team's second largest customer by transaction volume, with DFCM being the largest. This is a new service with a new rate of \$46. Fleet Operations would like to start offering this service to other agencies should they need it. It is a paperless process and the majority of the staff telework. Mr. Bradshaw asked who this group reports to. Mr. Cowley explained the team is not part of Finance, but Fleet Operations and work closely with Finance. Ms. Downing, Executive Director of the Department of Administrative Services, provided the history behind this group. DAS consolidated its budget and accounting staff several years ago. This core group was kept and the other services were sent back to the agency divisions. Now because there are standardized processes which are paperless, Fleet Operations can offer this service to some of the smaller agencies for a fee.

Chair Kiser asked if there were any questions or public comment on this item. There was no public comment or questions from committee or public. Chair Kiser then asked for a motion to approve the Fleet Operations rates. Mr. Wilcox motion to approve the rates, Commissioner Maughan seconded the motion and the Committee approved unanimously.

Division of Purchasing and General Services

Chris Hughes, Director of the Division of Purchasing and General Services, reviewed the purchasing and general services rates which include cooperative contracts, state/federal surplus property, print services and mail and distribution services.

Cooperative Contracting Program

Chair Kiser commended and thanked DAS Purchasing for their services. Consistently Purchasing and General Services has been above the retained earnings. There is no rate recommendation for the cooperative contracts program.

Surplus Property Programs

Surplus Property returned to agencies over \$4 million and saved over \$400,000 for law enforcement agencies through the 1033 program. Surplus also saved Utah governmental agencies over \$1 million through the Federal donation program. As the property around the current state prison site will be developed, Surplus will need to move its facilities. Surplus will need retained earnings to help with that move. There are no rate recommendations for the Surplus programs.

Print Services Program

The Print Services program provides a copier lease program and a copy center for state use. There are no rate recommendations for the Print Services program.

State Mail and Distribution Services Program

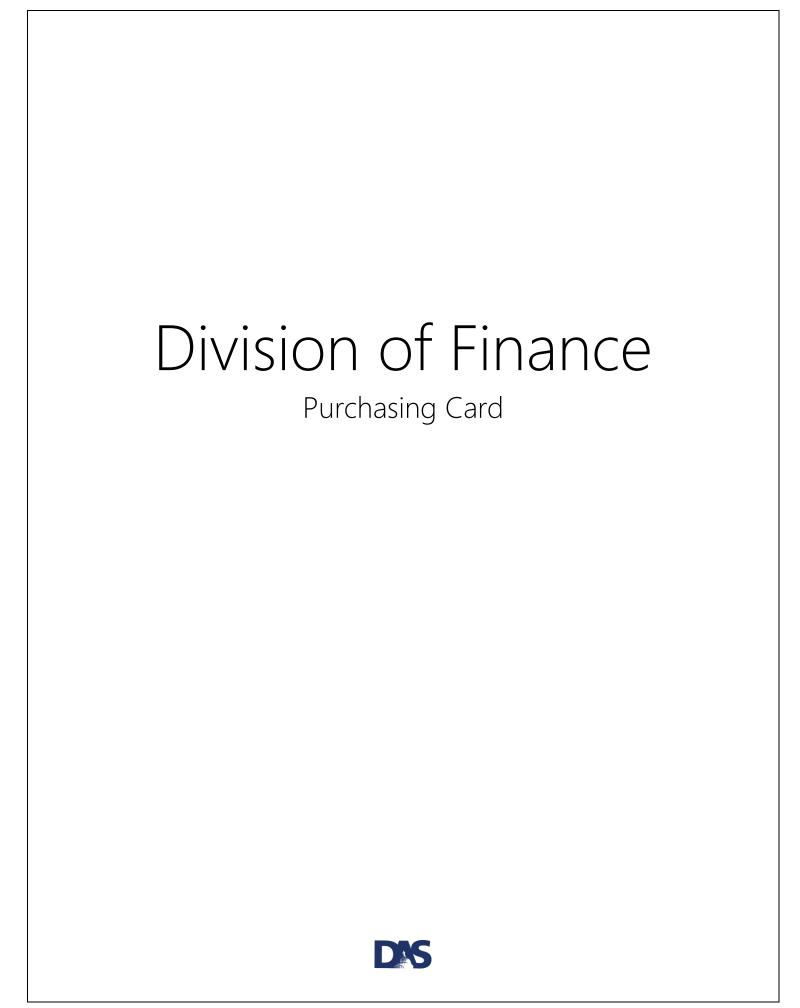

State Mail processes over 22 million pieces of mail for state agencies with over \$1 million in cost avoidance for processing mail for the United States Postal Service. There are no rate recommendations for State Mail.

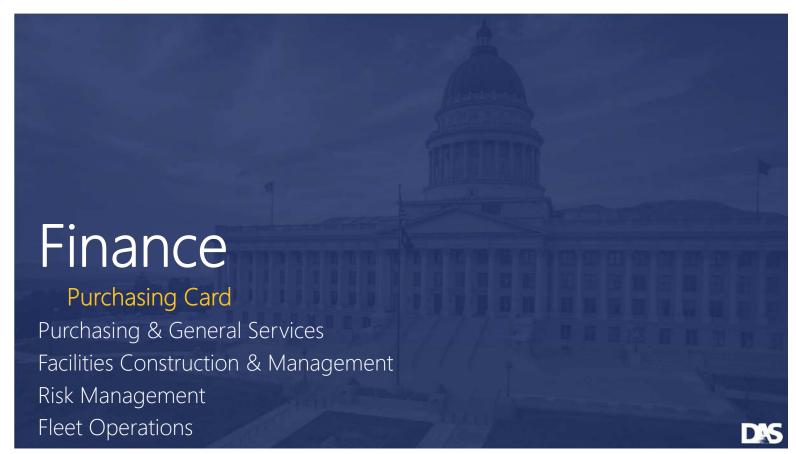

Chair Kiser asked if there were any questions or public comment. There was no public comment or questions from committee or the public. Chair Kiser then asked for a motion to approve the existing rates for Purchasing and General Services. Mr. Brasher motioned to approve the existing rates, Commissioner Maughan seconded the motion and the Committee approved unanimously.

There are two more Rate Committee meetings scheduled which are not needed since all DAS rates have been approved. Those meetings will be canceled.

Adjourn

Chair Kiser asked for a motion to adjourn the meeting. Mr. Brasher motioned and the meeting was then adjourned.

Finance -- slide 1

Purchasing Card

The purchasing card provides an efficient, costeffective method of purchasing and payment

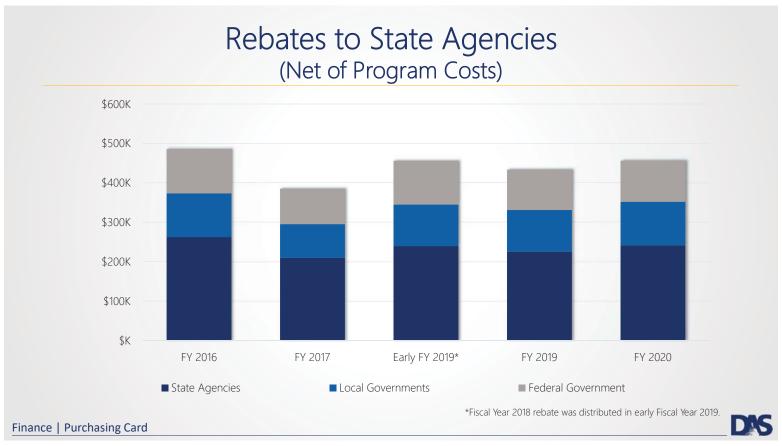

Total purchasing card usage was \$33.41 million in CY2019 (1.95% increase)

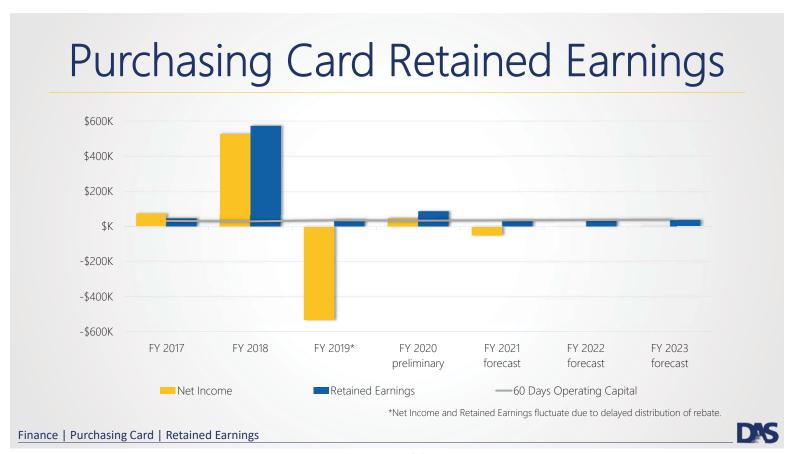

The net rebate sent to State agencies and local governments was \$351,920 (6% increase)

State Cooperative Contract Program

Benefits of State Cooperative Contracts

Some of the best pricing in the nation

Save public entities time in procurement of goods and services

Better contractual terms for public entities

Compliant with the Utah Procurement Code

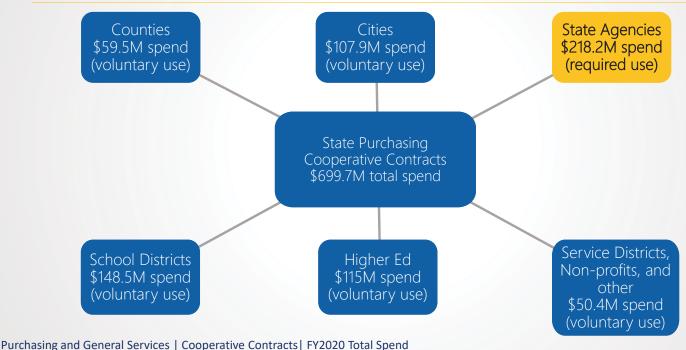

Save public entities administrative costs in managing contracts

Purchasing and General Services | Cooperative Contracts | Overview

Cooperative Contracts Retained Earnings

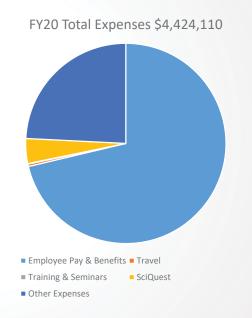

Purchasing and General Services -- slide 7

Cooperative Contracts Retained Earnings

A higher-than-normal retained earnings balance is needed to keep the cooperative contracting program functioning in the event of an economic downturn. Because so many state and non-state public entities are reliant on the use of state contracts, sufficient reserves must be maintained.

Purchasing and General Services -- slide 11

Future Considerations

State Surplus will need to relocate from its Draper facility in the next few years as the land by the State Prison is developed. Currently, State Surplus is looking to develop the land south east of the Taylorville State Office Building.

Currently, the Draper facility is on a 10 acre plot of land with a 25,000 square foot building with 10,000 square feet to store surplus items. Vehicles and heavy equipment are stored outside of the building

The revenue bond on the Draper facility will finish in FY2021.

Division of Facilities Construction and Management

Facilities Management

Facilities Construction and Management -- slide 1

Program Efficiencies

The Division of Facilities Construction and Management (DFCM) provides building management service to state agency subscribers. Service includes preventative and corrective maintenance, grounds care, energy management, contract management and accounting services.

162 Authorized FTEs 156 Current FTEs

Provided maintenance and management services to over 200 state-owned and leased buildings

\$36 million FY2021 adjusted revenue

Manage over 8 million square feet of space

DFCM | Facilities Management

Program Efficiencies

DFCM is focused on efficient building operation

Average operations and maintenance costs:

22% below local average
66% below national average

Statewide service through regionalized management groups

Energy efficient by optimizing operating schedules that provide cost savings based on reduced utility usage

Combination of internal staff and private sector resources to provide cost-effective services

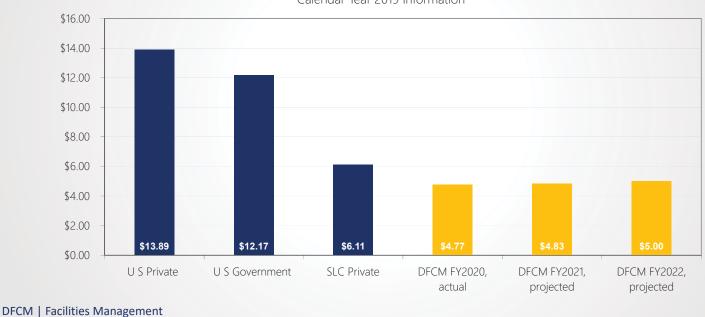

DFCM | Facilities Management

FY2020 Loss Control Report Utah Division of Risk Management

Updated 8/11/2020

INTRODUCTION

The Loss Control Section of the Utah Division of Risk Management focuses all of its time on loss control and prevention. Some of the responsibilities of this group include conducting inspections of covered buildings, providing training for insured entities' employees, consulting with insureds and performing research to stay abreast of current laws and issues. All of these efforts are in place to reduce liability and first party property damage, thus reducing claim frequency and severity.

DEFINITIONS

Inspection: Any onsite visit that includes a careful examination or scrutiny of physical property or liability.

Consultation: Any loss control discussion regarding individualized assessment, providing an opinion, or taking a position which is based on Risk Management Policy or Management established positions, requires research, and/or requires that information or resources are provided.

Training: Any teaching of loss control or other Risk Management related activities, plans, actions, policies, and/or information. Any training that occurs during an inspection is considered part of the inspection and not a separate training.

Client Meeting: Any insured (or potential insured) meeting attended.

Administration: Any behind the scenes work (for example: SIS software or other IT work, administrative decisions the LC Consultant has the authority to make, etc.) to support the office, department, or a Risk Management Program.

Follow Up: Any in person discussion, phone call, email, text, or other communication that requests the status of loss control recommendations or services.

Life Safety Follow Up: Follow up (as defined above) on loss control recommendations about life safety issue(s) found during inspections. Follow up on multiple issues from different inspections may be combined if with the same person. Initial follow up on life safety issues found in inspections must be completed and documented within 30 days of inspection. Additional follow up may be required.

CASES COMPLETED

Total Cases, FY20 Compared to FY19:

Case Type	FY2019	FY2020
Administrative	157	311
Client Meeting	104	109
Consultation	1783	1328
Inspection	586	736
Training	98	236
Grand Total	2728	2720

By Entity Type:

Entity Type	FY2019	FY2020
Charter School	345	166
Higher Education	582	666
School District	516	633
State Agency	1274	1249
Grand Total	2717	2714

Entity Type Breakdown:

Charter Schools						
Case Type	FY2019	FY2020				
Administrative	5	11				
Client Meeting	6	9				
Consultation	237	92				
Inspection	76	37				
Training	21	17				
Grand Total	345	166				

Higher Education						
Case Type	FY2019	FY2020				
Administrative	6	23				
Client Meeting	9	18				
Consultation	323	280				
Inspection	241	340				
Training	3	5				
Grand Total	582	666				

School District						
Case Type	FY2019	FY2020				
Administrative	6	49				
Client Meeting	13	22				
Consultation	311	324				
Inspection	173	208				
Training	13	30				
Grand Total	516	633				

State Agency							
Case Type	FY2019	FY2020					
Administrative	140	228					
Client Meeting	76	60					
Consultation	901	626					
Inspection	96	151					
Training	61	184					
Grand Total	1274	1249					

Cases can only show one entity account. Therefore, when documenting training that is provided to multiple entities, the Risk Management account is chosen. Webinars and Risk Management Symposium Training sessions are examples of multi-entity training. This is also the reason why State Agency Trainings are always higher than other entity groups.

LOSS CONTROL RETURN ON INVESTMENT (LC ROI)

LC ROI represents the average claim cost savings the loss control activity created. Each loss control activity is coded for the type of claim that could have occurred had the Loss Control

Consultant not reduced and/or eliminated identified risks. The average cost of claim is figured on actual claim costs over a five (5) year rolling average.

Total LC ROI, FY20 Compared to FY19:

Case Type	FY2019	FY2020
Administrative	\$70,961.24	\$907,827.63
Client Meeting	\$173,264.56	\$285,540.50
Consultation	\$4,436,628.18	\$9,541,053.61
Inspection	\$4,681,802.73	\$11,449,776.84
Training	\$234,731.51	\$583,773.10
Grand Total	\$9,597,388.22	\$22,767,971.68

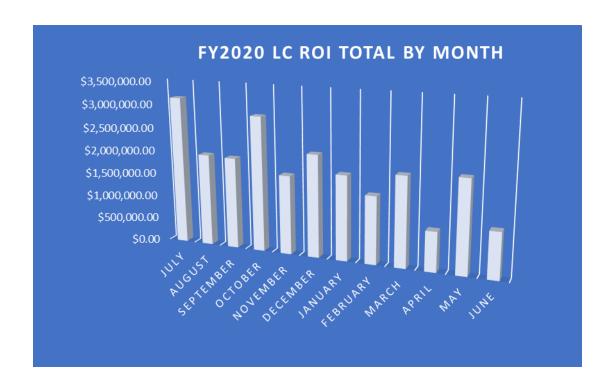

LC ROI by Entity Type:

Entity Type	FY2019	FY2020
Charter School	\$486,245.94	\$1,854,050.23
Higher Education	\$1,488,240.81	\$6,592,718.80
School District	\$4,917,595.61	\$8,961,303.25
State Agency	\$2,705,305.86	\$5,359,899.40
Grand Total	\$9,597,388.22	\$22,767,971.68

LC ROI by Month FY2020:

Month	LC ROI	LC ROI Average
July	\$3,146,897.42	\$15,454.56
August	\$1,967,431.44	\$12,850.45
September	\$1,945,889.07	\$14,946.27
October	\$2,873,437.34	\$13,651.14
November	\$1,683,241.04	\$14,129.67
December	\$2,178,170.99	\$13,170.98
January	\$1,808,183.96	\$18,190.16
February	\$1,439,250.47	\$16,815.65
March	\$1,913,122.26	\$18,017.49
April	\$846,370.39	\$18,186.31
May	\$1,978,153.52	\$15,585.57
June	\$987,823.78	\$18,616.85
Grand Total	\$22,767,971.68	\$16,090.44

LIFE SAFETY FOLLOW UP

All inspections that have life safety concerns are expected to be followed up timely. 100% of all inspections with life safety issues were followed up in FY2020 (and in FY2019).

Total Inspections with Life Safety Issues:

	FY2019	FY2020
Inspections	508	514

Out of 514 inspections with life safety issues in FY2020, within the first 30 days:

- 122 were in the process of getting corrected;
- 4 were unresolved:
- 318 have been resolved.

Resolved issues avoided a total of \$5,544,718 in claims, or an average of \$24,753 in claims per issue.

ERGONOMIC CONSULTATIONS

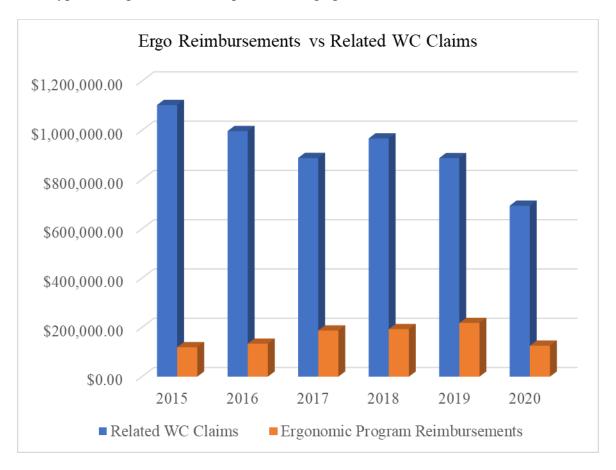

Of the 1328 consultations in FY2020, 402 were Ergonomic Assessments.

The Ergonomic Program was implemented to help reduce workers compensation claims for State Agencies. State Risk Management reimburses state agencies 50% of ergonomic

4

recommendation costs as a loss prevention measure. Ergonomic Reimbursement Costs have increased year over year (increase number of consultations, cost of equipment). However, the program is a continued success. While the program costs have gone up, claims with related accident types have gone down as expected. See graph below:

STAFF

LC Staffing is down one (1) FTE since a Physical Loss Control Specialist retired. A recruitment is underway. In FY2020, we hired an Auto Loss Control Specialist, Steven Hughes. He has done a marvelous job and was promoted to LC Manager in June. He continues to manage auto loss control duties in addition to management duties.

CONCLUSION

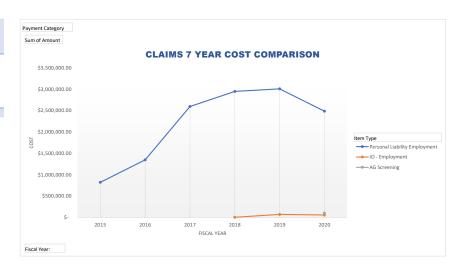

The Loss Control Section will continue to work on loss prevention. We completed a LC Improvement study in FY2020 and are implementing its findings. For example, we're updating metrics and have moved to an inspection software for ease and consistency.

- Between fiscal years 2015-2018 claims cost have been increasing each fiscal year of an average rate of 33%. From fiscal years 2018-2019 after implementing early intervention tactics there was a 4% increase in claims cost totaling over \$127,000. but it was only 1/6 of the normal average seen in previous years. Between fiscal years 2019-2020 there is a decrease of 16% totaling over \$432,000 with AG Screening cost included. Without AG Screening cost there was a 21% decrease in claims cost totaling over \$535,000.

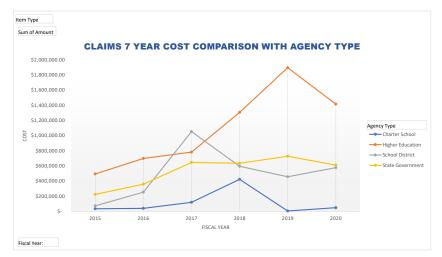

Item Type	(Multiple Items)

Grand Total	\$	668,155.14	\$	6,583,470.76	\$	3,004,436.67	\$	3,196,136.90	\$	13,452,199.47

- The rise in claims for Charter Schools from fiscal years 2017-2018 is due to several large settlements related to the same incident. This incidents total payment settlements were over \$370,000 which caused the numbers between those two fiscal years. Besides that aforementioned spike the Charter School costs have stayed below \$50,000 each year.
- Higher Education claims have increased in cost through fiscal years 2015-2017. The claims cost went up 40% from fiscal year 2017-2018, there were no increases in claims or any major settlement cost to explain the increase. From fiscal year 2018-2019 after early intervention strategies were implemented, claims increased by 31% this was due to three large settlement payments over \$100,000 each. In fiscal years 2019-2020 there was a decrease of 34% in claims cost. Total cost saved was over \$480,000.
- School District claims spiked in fiscal years 2016-2017. Several settlements accounted for over a 76% increase totaling over \$798,000. The 40% decline in claims cost through fiscal year 2017-2018 is due to the previous years high claims cost and settlements, without these settlement cost the School District claims from 2016-2017 would have increased 10%-20% as in previous years.
- State Government had an increases of 38%-45% for fiscal years 2015 and 2016, but then from fiscal years 2017-2020 State Government claims cost slightly fluctuated with about \$100,000 cost difference each year, but no major decrease or increase in claims cost.

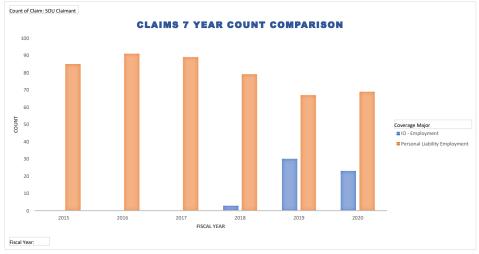

*Note: All claims cost include IO-Employment early prevention cost. Fiscal Year 2020 cost include AG Screening totals sent by the Attorney Generals Office.

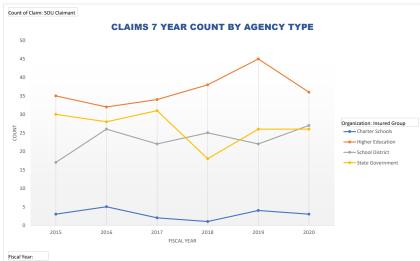

Count of Claim: SOU Claimant	Column Labels					
Row Labels	Charter Schools	Higher Education	School District	State Government	Grand Total	
2015		3	35	17	30	85
2016		5	32	26	28	91
2017		2	34	22	31	89
2018		1	38	25	18	82
2019		4	45	22	26	97
2020		3	36	27	26	92

347 tanks state-wide 239 State Sites 125 sites with card readers 0 CNG fuel sites

Fleet Operations | Fuel Network

Fuel Network COVID-19 Impact

- 1.5M Gallons Less In Fuel Usage from FY19
- Estimated Financial Impact: \$1M loss

The Fuel Network was created in 1994. Utah Code Title 63A, Chapter 9 requires Fleet Operations to manage fuel site maintenance, gas cards, fuel consolidation, environmental compliance, and save agencies money through wholesale purchasing.

Fleet Operations | Fuel Network

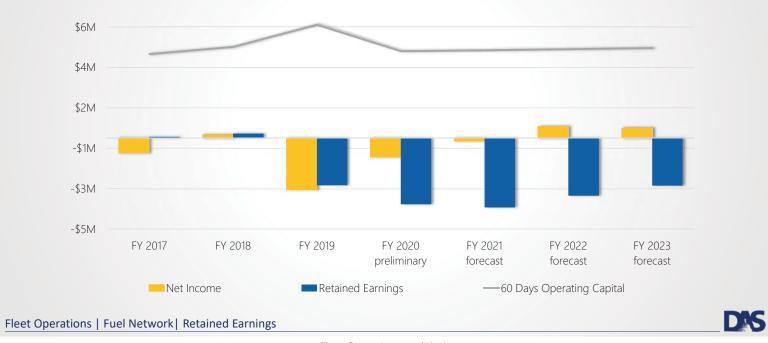

Fleet Operations -- slide 7

Fuel Fund Challenges

- Previous rate was based on a percentage of fuel price = volatility
- FY 2020 began with negative retained earnings; COVID shutdown made the situation worse
- New rate (effective FY 2021) is a fixed rate per gallon = stability
- Time required to build retained earnings
- Federal regulators and State lawmakers imposed upgrade requirements that are largely unfunded
- Fuel Network has no fund on which it can draw to address environmental remediation needs

Fuel Network Retained Earnings

Fleet Operations -- slide 9

Rev. 9/2/2020

Fuel Network Rates

Rate Recommendation

FY 20	22 Red	iuest
-------	--------	-------

Rate	FY 2021	FY 2022	Change	Total Perce	ent
Retail Fuel Sites	\$0.12/gal	\$0.17/gal	\$0.05/gal	\$443,171 42%	6
State-Owned Sites	\$0.23/gal	\$0.28/gal	\$0.05/gal	\$365,978 4 21%	, 5
Total				\$809,149	

This \$0.05 per gallon increase at all state and commercial fuel sites will allow the Fuel Network to address losses, and begin to build reserve funds.
