This month they did the event at Legacy Trail which was very busy and Rachel talked to several of the people but most were not residents of North Salt Lake. Rachel said the event this Saturday will be the Springhill Geological Trail. Rachel said that Tammy Clayton brought up a good point from the last Trail event that we as members repost on social media about their experience to see if they can get more involvement with their neighbors and community.

d. Master Chorale – (Kristine)

Kristine said she reached out to Bret Levitre and he said he would love to start something with the choir and he studied more about the virtual rehearsals but it seemed very challenging to be able to pull it off. He said he has also thought about rehearsing at a park and practice social distancing in the open air and wanted to know if the committee thinks that it could be a safe option. Manuel said his concern is what he has heard about choirs and singing and that it is one of the worse things you can do with the Covid 19. Ron Gordon said that he is finding that with the choral groups at school it is one of the most dangerous and riskiest activities to do concerning the Covid 19. Manuel said it might be worth trying a virtual solo or small group for a North Salt Lake Concert. Manuel said his work did one and it worked quite well. Kristine said it could be fun to try doing a virtual small concert. Ryan said until September we could look at doing something virtual outdoors but after that we would have to be inside and that wouldn't work out as well.

e. NSL Reads – September 23rd (Ron)

Ron Gordon said that during their last meeting Ryan made a really good recommendation about a local author KayLynn Flanders who grew up in North Salt Lake. Ron said she is on board and committed for this event. Her book was just released and it is a young adult fantasy novel. She will get back with a date on when she is available. Ron asked about having an Essay contest as they have done in the past. Ryan said he would love to see that happen and mentioned that they have two months to see that happen. Ron said he would ask the author on some ideas. Ryan asked if there was any thought on how they would proceed with the NSL Reads event with the Covid 19 guidelines.

Ron said that the Governor requires face coverings and when the author would speak she could probably remove her mask. Ron asked the committees opinion on doing this event virtually. Dallas Golden said he thinks people would rather leave their houses to attend this event. Ron mentioned that there is good in being in attendance especially with younger grade schools and have that connection with the author. Rachel said there would need to be someone at the door with masks to hand out. Dallas said that it should be advertised with the event that they will be using the Governor's guidelines so that people will be aware of what is expected. Manuel said that they could also stream the event for those who would like to stay home.

f. Halloween 3K – October 31st

Manuel said he needs to put Tammy in contact with Julie & Kristin, the Summer Recreation Directors to help with this event.

g. Photo Contest – (Dallas)

Dallas Golden said he wrote the following on the agenda:

"We invite residents of the City of North Salt Lake to submit original photos of our city for our city's first photography contest. The contest is open to all NSL Residents. There are two categories with youth ages zero to seventeen and adult ages eighteen plus. We love our city and would love to see more of it. Images must have been taken in NSL City limits. Submissions are due by end of day on September 15th. Winners will be announced at the NSL Reads Event on September 20th. Each resident is allowed to submit two images of his or her best work. Please visit (will have a website in the NSL newsletter) for the residents to go to for further information. The winners will have the option of hanging their photo on a beautiful canvas in the North Salt Lake City Hall for a year. Because of the Covid, option two the winners will receive awesome prizes. All contestants will be featured on North Salt Lake's Instagram page and NSL Chat which has one thousand followers. Dallas continued with the rules of the contest.

Manuel said he likes what Dallas has come up with for the contest but wondered if they should not limit it to Instagram but have it on more social media sites. Manuel said they need to contact Linda to help them put it out on Social Media. Ryan said he thinks they have enough in the budget to have six to nine winners and would be able to have their pictures put on canvas. There was discussion on the prizes and they came up with a gift card, cash or a purchased gift.

3. Parks Visits and Assignments (Manuel)

Foxhollow Park – Dallas Golden

Dallas said that the grass is dead in very large spots, one of the picnic tables looks like they have had skate boarders going off the table and the seat is bowing. Dallas said that this table has two supports while the other tables in the park has three which put more support on the table and could be the solution.

Ryan mentioned that Tammy get all the information she would need from Manuel and they would need to abide by all the rules in the Open Meeting Act in the Open Records. Manuel also mentioned they would need to post the agenda twenty four hours before the meeting. Ryan said that since we only have four workdays and are not here on Friday, that we should have the agenda ready for Thursday before the meeting so there is time to get it posted.
