REQUEST

Resolution authorizing the Parks Department to purchase a new John Deere wide area gang mower

BACKGROUND & DESCRIPTION

The Parks Department currently owns a 1998 Jacobsen and a 2013 Jacobsen wide area mower. The 1998 Jacobsen has served as the back up mower to the 2013 since it was purchased. Due to the ongoing issues and repairs needed on the 2013 Jacobsen mower, the 1998 Jacobsen has served as the main mower for all our city parks the past two years. The continued costs of repairs associated with the 2013 Jacobsen have made it a point that it's time to replace it.

The 2013 Jacobsen will be surplus. Its expected to have a value around \$20,000.

The 1998 will assume its role as backup mower to the new mower with the hopes of surplus in the near future.

Funding is available in the Parks Equipment Replacement Fund.

EVALUATION

There are three companies that sell and service large area mowers through the Utah State Contract. Stotz Equipment(John Deere), Turf Equipment & Irrigation(Toro) and RMT Equipment(Jacobsen). After meeting with each company individually and receiving quotes on their respective mowers, it was determined that Stotz Equipment can provide us with the best service and price.

RECOMMENDATION

To approve the purchase of a John Deere 1600 wide area mower in the amount of \$57,604.84
