

The following are the approved minutes of the Centerfield City Council meeting held September 16, 2020 in the Gunnison Irrigation Building. Those in attendance; Mayor Tom Sorensen, Jaden Sorenson, David Beck (arrived 7:16 PM), Jon Hansen, Jonah Christensen (arrived 7:05 PM), and Jackie Huff.

Other employees in attendance: Stewart Jensen, Lacey Belnap & Lindzey Young
Meeting is being conducted by Mayor Tom Sorensen Meeting opened at 7:02 PM.

- 1- Roll Call
- 2- Pledge of Allegiance - Jon Hansen
- 3- Invocation - Tom Sorensen

Minutes of September 2, 2020

Jaden Sorenson moved to approve the minutes from September 2, 2020. Seconded by Jonah Christensen. Carries 4-0.

Merri Lynn Sorenson- Gunnison Valley Hospital Report

Merri Lynn is in attendance to give a quarterly report on the Gunnison Valley Hospital. The new Manti Clinic provider is Sean Olsen. An obgyn will start practicing in November in Gunnison, Brittney Bunot. The hospital is currently working on remodeling two rooms into negative-pressure rooms with the CARES money received.

Mayor Sorensen received a letter from Mark Dalley asking for Merri Lynn Sorenson to be re-appointed as the Centerfield City's representative on the hospital board.

Jackie Huff made a motion to re-appoint Merri Lynn Sorenson as a member of the Gunnison Valley Hospital Board from Centerfield City. Seconded by Jon Hansen. Carries 4-0.

Jones & Demille- Garrick Willden- Sewer Project

The main concern right now at the sewer lagoon is the amount of garbage coming down before going into the lagoon. There are a couple options available. There is a machine that will gather the garbage, scoop it and put it into a roll off garbage container. There are a couple options with these machines. One is \$60,000, and another option that Cedar City has is \$96,000. Cedar City has never had an issue with their machine. They have had it for about 25 years, all they do is change the gear oil.

There is culinary water at Goble Seed in Gunnison. A line can be run to the sewer lagoons that would run west of the bridge. Gunnison City is going to install the line. Wondering if Centerfield will split the cost. Mayor Sorensen said that would be fine to split the cost of the line install. The cost of a screening, a concrete building, and transfer structure would be around \$566,700. Current agreement with Gunnison City is based on flow, not population. Gunnison doesn't agree

with their flows and would like to do more metering. If you take out the concrete building, the cost would be around \$385,500. If you only did the screen project cost would be around \$250,500. Benefits of having the building would be to house the screen, less ways to vandalize. Project is currently designed at 125% of current flow, so it would allow for some growth in the valley. Suggestion was to look into the cost of a bigger transfer machine to allow for more growth within the valley and the prison.

David Beck made a motion to approve Jones & Demille to go ahead with line items 1, 2, & 4 on the engineering and legal services. Seconded by Jaden Sorenson. Carries 5-0.

Jr. Livestock Show Donation

Jonah Christensen made a motion to make a donation to the Sanpete County Jr Livestock Association of \$350. Seconded by Jaden Sorenson. Carries 4-0.

Kasey Peterson- Building Permit

Jason Edwards is in attendance to get a building permit for Lot #9, 270 North 150 East in the Centerfield Estates Subdivision. All setbacks have been met.

Jaden Sorenson made a motion to approve a building permit for lot #9, 270 North 150 East in the Centerfield Estates Subdivision. Seconded by Jackie Huff. Carries 4-0.

Lance Bushnell- Building Permit

No show

CARES ACT Funds

Mayor Sorensen and Recorder Belnap have a meeting with Gary Keddington and Mayor Lori Nay, Gunnison to discuss granting CARES Act funds to the police department to use for payroll and benefits during the pandemic. If the city moves forward with the police department grant, Mayor Sorensen would like to still use the equivalent of the funds for things related to the CARES Act. A digital sign, equipment to spray down park pavilion and playground equipment, equipment for zoom meetings are a few of the ideas of where the council would like to spend the CARESmoney. Possibly do a coupon program to stimulate the local businesses. Santaquin City sent coupons to their residents to be used at local businesses, businesses then brought those coupons in and the city paid them out of the CARES funds received.

Unfinished Business/Report of Council Members

Mayor Sorensen-

Mayor Sorensen contacted Kirk Forbush, who is the area regional engineer and water right manager for the state. Currently Centerfield pulls 270-280 gallons per minute from the spring. With the pump running Centerfield can get about 350 gallons per minute. Centerfield's right is for 449 gallons per minute. Mr. Forbush counseled to not guarantee the meat packing plant

300,000 gallons of water per week. There is no guarantee that by upgrading the pump or by trying something else, that the city will be able to even get the water right from the spring.

Mayor Sorensen's recommendation is Davis would need to come up with $\frac{2}{3}$ - $\frac{3}{4}$ of the water.

Jackie Huff-

Blinds have been installed at the Old Rock Church and look great.

Progress on the city hall is coming along. Friday (18th) the concrete contractor will be here to set forms. Lumber will be dropped off on Monday (21st).

Jaden Sorenson-

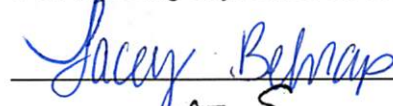

Jaden has been to the park for football practice, the grass is really dry. Also noticed kids climbing on top of the bathrooms.

Stewart

Stewart is working with Rocky Mountain Power and Moore Electric to change out all the street lights to led bulbs. Rocky Mountain Power offered \$25 towards the cost of each bulb. With the switch, the city will save around \$420 per month on the utility bill.

There are several water meters that are not reading. Stewart has ordered the part needed to change on the meters and will get them switched once delivered.

Jon Hansen made a motion to adjourn the meeting. Seconded by Jaden Sorenson . Carries 5-0. Meeting adjourned at 8:24 PM.

Lacey Belnap, City Recorder

Tom Sorensen, Mayor
