Russ gave a brief explanation and review of plan to new Board Members on the online advertising part of it. Rob updated the board on the \$4500 for 3-year fee. Dawn would like to review the video with Board again at next meeting, Gloria will put it on the agenda. Rick asked for an update on Professor Jensen's presentation project. It never moved to phase 2. Rob stated that the Analytic side of the project was solid, Visual side was not. Jeff believed focus group didn't focus on the golf aspect as much as they did on Logan River Golf Course. Jeff let Board know LRGC will be highlighted in an upcoming feature in a golf book. Jeff and Randy will review and possibly remeasure some of the drone's footage for more accuracy.

## **Women's Association Report**

-Ladies' Closing Social this week was successful. There were about 48 women who participated. Women's Association will be giving a \$10 discount for returning members. Kaycee praised Randy for his hard work on behalf of Women's Association. Kaycee said it was a successful year for the Association.

## **Men's Association Report:**

- Season ending social will be on September 26<sup>th</sup>. Rob has a conflicting event that he is trying to get covered in order to attend. Seth Tremain would like to remain as Secretary/Treasurer. Rob believes it is best he remains in that position as he does a great job. They are in need of a Vice President and a couple of other positions. Covid-19 has affected Rob's ability to participate in golf as much as he'd like. Men's Association has done great this year despite the pandemic. Junior Golf decreased significantly due to Covid-19, as less youth participated this year. Jeff believes it will pick back up.

## **Golf Superintendent Report:**

- Randy updated Board on windstorm damage. Kayce commended Randy on his hard work on making the greens playable. He is still cleaning up some debris and remnants, but his crew is working hard to get it done. Has been using his greens rollers, working great. Has been spraying weed killer this week. Staying busy. Dawn noticed there have been some potholes on cart path that have been fixed. Kaycee asked if employees have to be 18 to work at LRGC; yes. Randy expressed his struggles on hiring extra staff to help out current crew to keep up on projects.

## **Golf Professional Report:**

- Jeff passed around his Financial Report and discussed punch passes. There was almost \$11,000 in punch passes used. There has also been an increase in green fees this month. The Cache Valley open also helped with cart revenue this month. September will look a little off. Rueben will need to do some adjustments due to report being run August 31<sup>st</sup> as opposed to September 1<sup>st</sup>. Jeff mentioned it would be a good idea to invite Rueben Nelson to a Board Meeting to better explain how Financial Report works on the City's end. Pool Cart demand is very high. A lot of the Pro Shop's inventory is from California and Oregon. Due to Covid-19 and fires on the west coast, distribution is a little slow. Jeff has nominated Randy for Superintendent of the Year.
