What is your motivation for service on this/these committee(s)?

I had the opportunity to be on the PARC committee when it was set it up. I helped to formulate the rules and regulations of the committee and even helped to give it the name it has. We studied other communities which have similar taxes and realized this would be a help to Payson. After doing this, I placed fliers and did other things to help the PARC tax get passed.

How does your background training and experience lend itself to service on this/these committee(s)?

I have always been an active member of Payson. I helped to save the Peteetneet and am now on the Board of Trustees, planting flowers there for years and being a tour guide. I have played in the Payson City Band for over 50 years and am currently the Secretary. I am in the Payson Civic Chorale and have been the Secretary and President of it. I am a member of the Cultus Club and will be President next year of that organization. I am also the Secretary of the Historical Society of Payson.

Please list any relevant areas of expertise, education or training you possess that will be helpful for service.

I retired 3 years ago from Canyon View Medical Group where I was the Secretary. Among my other duties was the responsibility to remind 20 Doctors of meetings, etc. so I am extremely organized and self-motivated. Having been active in various organizations in Payson, I know of the needs that the PARC tax would help and have a desire to improve all of these entities.
