

CONDITIONAL USE

12-105-1. Purpose of Conditional Use Provisions

The purpose of the issuance of a conditional use permit is to allow the proper integration into Willard City of land uses which may be suitable only under special conditions and in specific locations in Willard City or a zoning district, or only if such uses are designed or conducted in a particular manner.

12-105-6. Standards and Criteria for Conditional Use Permit

The Planning Commission shall review a conditional use request considering the following general standards and criteria:

1. The use applied for at the proposed location is necessary or desirable to provide a service or facility that will contribute to the general well-being of the area and Willard City;
2. Compatibility of the proposed use with the interest, function and policies established in the Willard City General Plan;
3. Compatibility of the proposed use within the character of the site, neighboring properties and other existing and proposed development.
4. The availability of or ability to provide adequate services, drainage, parking, fire protection, and safe transportation access.
5. The proposed conditional use will not, under the circumstances of the particular case, be detrimental to the health, safety, or general welfare of persons residing or working in the vicinity or interests to property or improvements in the vicinity;
6. In the event the Planning Commission determines that the standards of this Chapter cannot be met and that adequate mitigation measures cannot be imposed to bring the use into conformity with the applicable standards and criteria, the Planning Commission may deny the request for a conditional use permit.
7. Within and adjoining the proposed site, the Planning Commission may impose reasonable conditions as deemed necessary for the protection of the site location and adjacent properties and the public interest.

12-105-10. No Presumption of Approval

The listing of a conditional use in any district does not constitute an assurance that the conditional use shall be approved by the Planning Commission or Zoning Administrator. Each conditional use application shall be evaluated individually to determine compliance with the standards set forth in this chapter, the standards of the district where the proposed use shall be located, and any standards applicable to the conditional use.
