

A council of non-partisan members of this community should have both sides of a situation not just one side. If you have **ever had problems with an individual** make sure you are not prejudice towards that individual., **Make up your own mind. you have to live with your own conscience and be able to look yourself in the eye. Vote as a representative of all the people and for the best of the city.**

## **5, RETIREMENT**

**The community has been buzzing about the retirement of Police Chief Lee Barry. I know that I never had to worry about my safety and protection from our police department. Yes, I even had an experience with him regarding how fast I was driving.**

**Yes, I was breaking the law, and he let me know in uncertain terms, Wake up, pay attention to what you are doing, drive safe and within the law. All done by the shake of a finger, and the unspoken words, I saw you, you are in the wrong, straighten up.**

**I wish the best for Chief Barry and his family. He is excited about being able to sit back and spend time with them. Let's make sure that we attend his retirement party and wish him well.**

**I was not able to attend this meeting, and so I requested this letter be read at the July 17 council meeting, an agenda item. I look forward to receiving answers and comments from the council at the next council meeting. This will also be an agenda item. I have not been asked by anyone in this city to comment on these concerns, I have taken it upon myself to do this. And trust that the council will try to understand where my concerns are coming from.**

**Thanks for your attention,**
