Treasurer

2021 Projected Outcomes

The Treasurer's Office has been diligently working with the Information Systems department on the re-write of the Collection and Distribution computer program, called CoreTax. CoreTax is a re-write of the current computer programs used by the Recorder, Assessor, some of the Clerk/Auditor (Tax Administration) and Treasurer offices. This re-write will continue into Budget year 2021. We hope this project will be complete in 2021 and implemented for 2022.

2021 Budget Initiatives

Continuation of the above.

The primary focus in 2021 will be the completion of CoreTax for the collection and distribution computer system. We will also be doing an RFP for banking services. Also, we will be looking at alternative credit card processing companies.
