SURVEYOR

Davis COUNTY

Mission Statement

NO CHANGE

2019 Inputs/Outputs

FTE (2019):

There were 192 surveys filed in 2019, and also 105 copies of surveys and 36 copies of tie sheets provided for surveyors.

Several tie sheets were corrected.

We are always protecting monuments from being destroyed by growth.

Core Functions & Services

1. Keep the PLSS System in place on the ground. All agencies in Davis County--Assessors, Recorders and all private land surveyors use this system for the benefit of our citizens.

2. Survey with G.P.S. and other survey equipment for other county departments.

3. Meet with and help the citizens of Davis County with problems and questions they may have.

SURVEYOR

2020 Projected Outcomes

Our goal is to make sure that all section corners and quarter section corners are located accurately so that they can be replaced with an accuracy of + or 0.02 feet. At the present time we have several monuments destroyed.

There were 181 surveys filed up to date in 2020 with approximately 50+ expected before the end of the year. There have been approximately 34 copies of surveys and 15 copies of tie sheets in 2020 to this date. With COVID-19 several copies of surveys and tie sheets have been emailed for the safety of our staff and our public. There could be 20+ copies of surveys and 20+ copies from now until the end of the year.

We are in the process of updating tie sheets to make them more current and helpful to the private land surveyors.

2021 Budget Initiatives

There are no budgetary requests for planned projects and programs to the 2021 budget.
