Re: Public Meeting with No Anchor Location Determination

November 12, 2020

I, Bill Redkey, am the Chair of the Wasatch County JSPA (Jordanelle Specially Planned Area) Planning Commission. Pursuant to Utah Code 52-4-207, I hereby make a written determination that conducting public meetings with an anchor location presents a substantial risk to the health and safety of those who may be present at the anchor location.

This determination is based on:

- The ongoing COVID-19 pandemic;
- The National Emergency concerning the Novel Coronavirus Disease Outbreak, declared by President Trump on March 13, 2020;
- The State of Emergency declared by Governor Herbert;
- COVID-19 has been characterized by the WHO as a worldwide pandemic caused by severe acute respiratory syndrome SARS-CoV-2, a virus that spreads easily from person to person and can cause serious illness and death; and
- The many COVID-19 illnesses and deaths which have occurred throughout the world, in the United States, in the State of Utah, and in the County of Wasatch, which are ongoing through the date of this determination.

I direct that:

- This notice shall be included in the public notice for the meeting; and
- This notice shall be read at the beginning of any electronic public meeting which does not have an anchor location.

A member of the public may view the electronic meeting at the following website:

<https://docs.wasatch.utah.gov/OnBaseAgendaOnline/>, and/or by following additional instruction for telephonic participation which may be found in the public notice for the meeting.

A member of the public may make a comment at the electronic meeting by emailing at

PlanningCommission@wasatch.utah.gov, and/or by following additional instruction for telephonic participation which may be found in the public notice for the meeting.

This written determination expires December 12, 2020.

A handwritten signature in black ink, appearing to read "Bill Redkey", is written over a horizontal line.

Bill Redkey

Chair of the Wasatch County JSPA Planning Commission
