Ms. Taxin reminded Dr. Schneider that he must be practicing and monitored by the Board for his Utah probation to count. Dr. Anderson stated he will not be applying for the DEA until after April as that will be his two year mark and others have said he should wait at least two years. He stated after he gets his DEA registration he will continue to have his partner administer the narcotics and, if necessary, hire a nurse so he does not have to handle narcotics at all.

Dr. Bennion asked if Dr. Anderson is still meeting with the Dental Board.

Dr. Anderson responded yes.

Dr. Schaecher recommended Dr. Anderson meet again July 10, 2013, as he has been meeting every other month with the Physicians Board for a year and has been in compliance. He also recommended the supervision in person be changed to every two weeks as they have met for about a year.

He stated anything going out of his office now is reviewed by him to be sure it is correct and is then signed by him. He thanked the Board and Division for helping him to be a better practitioner. He asked if the Board had reviewed his letter requesting early termination of his probation.

Dr. Byrd conducted the interview.

Dr. Byrd asked how frequently Dr. Harline and Dr. Oakey meet for supervision as he was to meet weekly and then the Board discussed moving the frequency to every two weeks and now the reports indicate they are meeting quarterly. He stated the Board did not vote for quarterly supervision.

Dr. Harline responded the Board talked about moving the frequency to quarterly so they are meeting quarterly.

Ms. Taxin recommended Dr. Oakey go to Dr. Harline's office and do a random file review, review the office, talk with the staff and then write the information in his next report.

Dr. Harline stated his Order required him to have a chaperone for two years and it is now over two years. He stated he has a chaperone for all female patients, makes a list of their names and faxes it to Ms. Troxel. Dr. Harline stated he always is sure his female patients are chaperoned but the log is onerous and he would like to discontinue that part.

Ms. Taxin responded Dr. Harline will need to submit a proposal to the Board to amend the requirement of the chaperone. She stated Dr. Oakey could check patient charts to verify a chaperone was present instead of continuing the log.

Dr. Schaecher commented the Board would be willing to consider an alternative but he is not in favor of doing away with the chaperone. He requested Dr. Harline to meet with Dr. Oakey at least every two months rather than quarterly so the Board is able to have updated reports at each meeting

He stated he tries to be on the safer side now and not go beyond the guidelines. Dr. Manov stated he is seeing about 15 to 17 patients a day and only PEHP has dropped him from their insurance panel to date.

Mr. Hale read Dr. Manov's letter requesting early termination of probation.

Following discussion regarding early termination and Dr. Manov only being on probation ten months of a two year probation, it was determined to consider the request at the May 1, 2013, meeting. Dr. Roundy stated he was able to address the patient's questions with one person but the other refused to see him.

Following additional discussion, Ms. Taxin reminded the Board that Dr. Roundy's probation is scheduled to be completed in September and she requested he submit his reports on April 15, 2013, June 15 and August 15, 2013. program this summer. He stated he finds AA useful and is starting a program at the 4th Street Clinic but did not find the PIR as focused. Dr. Simpson stated the 4th Street Clinic wants him to obtain his controlled substance (CS) license and the DEA registration so they will be able to bill Medicaid/Medicare for his services.

Following additional discussion, Dr. Howell asked Dr. Simpson to be prepared with a plan regarding how he will do things different in the future and to include a plan of supervision if he was to prescribe.

The Board determined Dr. Simpson is in compliance with his Stipulation and Order.

An appointment was made for Dr. Simpson to meet again May 1, 2013.

1:45 pm

Dr. Donald L. Yakel, Initial Telephonic Probationary Interview

The Board called Dr. Yakel and got his voice mail. A message was left that the Board would call back in about 10 minutes. Another call was placed and the voice mail came on again. Another message was left. Due to the schedule the Board was unable to call again. An appointment will be made for Dr. Yakel to meet with the Board May 1, 2013, in person.

He stated he has very compassionate friends, belongs to a grief group and is involved in the LDS church programs and still does some teaching in Arizona. He stated his therapist and the VA have also helped him. He stated he has also found some counselors who work with trauma and would like to meet with them. He stated he has kept up on the CE requirement. Dr. Keep stated if he had his license he also has an opportunity to work with a friend who does ultrasounds in Utah out of a traveling van.

Following additional discussion, Dr. Howell read a proposed recommendation from the evaluation for Dr. Keep to follow and voiced concern that he should resolve some of his issues in therapy prior to the Board considering an application for licensure. She agreed to submit some names for Dr. Keep to contact.

Dr. Schaecher also voiced concern if Dr. Keep would be a risk to the public and the Board should not feel pressured into issuing a license.
