Council Reports

- **Water- Larry Johnson-** Larry reported on the master meter work that had been done during the week. The valves have been put in. There was some difficulty in getting water shut off, and then adequate pressure to all areas of town as the work was being done. There was discussion on alerting residents when work was being done and how to go about that. Larry is working on mapping the valves around Town. He is working with the GIS department at the County.
- **Community- Shannnon Rasmussen-** Shannon would like to be included in any upcoming events. She gets asked frequently about upcoming events and would like to make sure she knows what is going on in the Community. Shannon reported that she has had multiple calls on the Town Sign.
- **Fire/Grants/Budget- Jason Winn-** Jason reported that Mark Marrott had resigned as Administrative Captain, and Bob Horger will take over that position. He reported on The South end of the County Ambulance program. The communities involved will be Hyrum, Paradise, Nibley, Wellsville, and Mendon. The ambulance will be centered in Hyrum and they will hire the EMT's from the involved communities. The County will provide training and the individual towns/cities will be required to pay for EMT testing. There is a one-month public comment period for the program. The plan is to hire the Chief in August and he will assist in the hiring and scheduling.
