DETAILED REASON AND EXPLANATION FOR REQUEST:

Mayor & Council: UAMPS entered into a power purchase agreement with Steel Solar LLC for the construction of a 40 MW solar photovoltaic generation facility in Box Elder County, Utah. The members now have an opportunity to purchase a portion of the project. Payson is looking at purchasing 4 MW's of the project. Because solar is not a firm source, this is a take and pay contract. We pay for what we use up to the 4 MW. The project is scheduled to be on line December, 2022. This contract is helpful for our resource needs.

Please let me know if you have any questions or comments.

DUE DATE:

This agenda request and any supporting documentation is due to the city recorder by the Wednesday one week prior to the council meeting. This allows final preparation of the agenda and time for the city attorney to review.
