WORK SESSION DISCUSSION

Utah Counties Indemnity Pool (UCIP) 2021 Fees—Presented by Sonya White, UCIP CFO; and Johnny Miller, UCIP CEO

Sonya explained UCIP's underwriting timeline. Johnny explained that all the counties in the pool pay the same contribution rate. When there is equity to be paid, counties with better than average experience receive a larger dividend than those with worse than average experience. Over the last five years, UCIP has not been paying dividends; instead, they have been growing the equity to save for higher retention with the insurer. Experiences were defined as claims, and exposures were structures, buildings, employees, etc.

Johnny detailed the rates for 2021. They recommended $1,742 for each Law Enforcement Officers, $250 for each Public Officials, $200 for each general liability, $200 for each automobile, and $0.1125 for each property. The total contribution was $1,074,180 with a $100K deductible and an adjusted total County contribution of $999,620. Each of these areas was discussed in more detail. Property insurance reinsurers saw their worst four years in history in the last five years due to natural disasters, wildfires, civil unrest, and protesting. The Loss Ratio Report as of 12/31/19 was reviewed, and Johnny explained each county's premiums' variances. He also briefly talked about some of the recent UCIP changes affecting Davis County, one of which was the annual aggregate for Public Officials excess coverage increased from $4 million to $10
