Partnership with Utah Infrastructure Agency (UIA)

UTOPIA/UIA

- Finances the project (bonds for the project, and pays off the bond with no city debt)
- Receives portion of subscriber fees to cover operational expenses
 - Electronics replacement
 - Fiber maintenance
 - Utility locating
 - Repairs
 - Backbone interconnectivity
 - Network Operations Center monitoring
 - Service provider interconnectivity
 - Billing
 - Marketing

Municipality (individual or collectively)

- Services agreement based on **~40% take-rate**

Risk Avoidance

- Other similar projects already successful
- City revenues, business revenues offset risk
- Increasing demand, technology advancements, 5G revenue
- Decreasing risk over time with new development, inflation, technology trends

Is it worth the risk?

Entire project is paid for by the voluntary subscription fees of those who choose to sign up for a better and lower cost service than what they have now. Project is financed, designed, built, operated, and maintained by UIA.

Municipality Benefits vs Risk

- Significant \$ benefit to residents and businesses in city
 - Reduced costs of services (\$27/mo average savings*)
 - Increased property values (3.1% average*)
 - Protection of net neutrality
 - Eliminate digital divide
 - Quality of life improvement
- No other municipal project brings a more dramatic and immediate change in economics and quality of life improvement than fiber
- UTOPIA/UIA partnership brings all of the benefits of fiber provider competition, top-rated services, reliability, fastest Internet speeds with **no cost, taxes, or subsidies**.

Why Partner with UIA/UTOPIA?

- Established partner with proven successful model
- City avoids startup costs, risks, pitfalls
- City avoids legal challenges, referendum risk
- Economy of scale benefit
- 25+ service providers in place
- Simple structure based on proven UIA model
- Lower costs from UTOPIA volume materials and labor purchasing
- Proven track record (\$200M+ successful projects)
- Leverage existing resources of UTOPIA Fiber

REVENUE DISTRIBUTION OF SUBSCRIBER FEES

Example - Minimum 250/250 Mbps Internet Package, no commitment

*varies by a few dollars depending on choice of provider, more for higher tiers, business
