REVIEW NEW AMENDMENT FOR
SECTION 1608.1.2 UTAH SNOW LOADS

Those present reviewed the proposed amendments. Dan Jones requested that two sentences be stricken from the proposal as other provisions in 15A conflict with these two sentences. Those present discussed the wording in the current amendment and made an unofficial recommendation to change it. Following further review, an unofficial recommendation was made to change the wording in Section 1608.1.2 in the IBC and R301.6 in the IRC to add the words, "The snow loads specified in Table 1608.1.2(b) shall be used for the jurisdictions identified in that table. Otherwise," at the beginning of the amendment. Also, the sentences beginning with "A record" and the next sentence beginning with "The building official" are to be deleted. The recommendation includes the deletion and replacement of Table 1608.1.2(b) in the IBC and Table R301.2(5b) in the IRC.
