Dave stated if anyone had any questions to feel free to contact him. His number is located on the front cover of the audit information.

Beehive Broadbent

The presentation is attached at the end of the meeting minutes.

The CEO of Beehive stated they are investing around \$500,000.00 into the town of Snowville by putting the fiber optic in the ground.

Keith Thompson asked what the cost would be for residents to hook-up to the service. They said they don't have that narrowed down just yet but they stated it would probably be around \$200-\$300 per hook up.

CDBG Follow up

Eric stated he had the final request for funds for Mayor Heyder to sign. After review, the Mayor asked Tammie to look at the request and we found that they were missing a payment that had already been paid out. Eric stated he would take the request back and look it over and get it corrected.

Tammie stated she went to the mandatory meeting for the CDBG 2021 funding. This year we are required to do a door to door survey to make sure we are eligible to receive the funds.

Water

Alan stated that the state came out and did an audit on the water system. There were only a couple of findings and they have been fixed and we passed the audit.

Alan stated he contacted an electrician to come out and get us a bid to put in a backup generator for the water company. This will be funded through the CARES act. Mayor Heyder told Alan to get with Stan Summers and see what we need to do to make this happen.

Ordinances

Mayor Heyder said we are moving forward on the ordinances. The council has been going through and changing with each other to make sure they get looked at and fixed to fit in for our town.

Christmas

Santa is still planning on coming on Dec. 4th. Mayor Heyder will get the Christmas lights put up around the town hall. He will also pick up the candy and cookies to put in the Santa Bags. We will have to be sure that we follow the Governor's orders.
