18:04:58 Chairman Barbour called for questions on the Administrative Report for Community Development. Chair Barbour asked about the new schedule for the Planning Commission Meetings. Community Development Director Mark McGrath relayed that the Taylorsville Planning Commission will now meet on the second Tuesday of each month only. He gave additional clarification on the way that Work Shop Meetings and regular open meetings will now be combined. He acknowledged that some Planning Commissioners were concerned with the new schedule. He noted that the Planning Staff was recently cut and, as a result, there is not sufficient staff to cover Planning Commission Meetings. Mr. McGrath confirmed that there is still ability to call an emergency meeting if necessary. He stated that he does not anticipate any slow downs, but affirmed that there may be some bottlenecks in the planning process if there is heavy development.

18:06:31 Mayor Rechtenbach clarified that some painful budget cuts were made, but former Planner Dan Udall, who has been reassigned to Code Enforcement, is still available if needed.

18:07:31 Chair Barbour cited her concerns with training, customer service, and potential impact on economic development.

18:08:01 Mr. McGrath gave clarification on the history of planning staff and related assignments.

18:09:38 Chair Barbour suggested that more consideration be given to the reduction in Planning Commission Meetings.

18:10:33 Council Member Burgess said that he has some concern with the schedule reduction, but believes that if the situation is monitored carefully adjustments can be made when needed.

18:11:34 Mayor Rechtenbach cited some potential changes to the Code Enforcement program and said that these may affect other personnel.

18:12:18 Council Member Overson cited a comparative increase in inspections and building permits over the last year and inquired whether this truly reflects a significant increase in building activity. Mr. McGrath said he is not interpreting the numbers as a large increase. He offered to prepare a more detailed report, but Council Member Overson said that was not necessary. Mr. McGrath confirmed that activity for the current year is similar to last year and is probably at about 85% of the 12-year average for building activity.

18:13:28 Council Member Overson asked about regulations for electronic cigarettes and inquired about any limitations to the number of businesses providing such. Mr. McGrath clarified that

1 there are no restrictions for businesses to sell electronic cigarettes, but there are for tobacco
2 cigarettes.

3
4 18:14:22 City Attorney John Brems gave additional clarification that there are no existing
5 regulations on electronic cigarettes. Mr. McGrath indicated that this issue can be addressed, if
6 desired; however, the City is not experiencing problems such as those seen with tobacco
7 cigarettes.

8
9 18:15:14 Council Member Ernest Burgess commented on electronic cigarettes users he has
10 observed.

11
12 **2. Review Agenda**

13
14 18:16:19 The agenda for the City Council Meeting was reviewed.

15
16 18:17:19 City Attorney John Brems gave clarification on the change recommended in Ordinance
17 13-17 from a Quit Claim Deed to a Special Warranty Deed. He said that he has no concerns with
18 this amendment.

19
20 18:18:24 Council Member Larry Johnson joined the meeting at this time.

21
22 18:19:30 Mr. Brems gave explanation on the technicality being handled through the scheduled
23 public hearing regarding compensation for judges. He also explained the formality represented
24 by Resolution No. 13-14 to provide annual notice of potential changes to compensation ranges
25 and/or grades.

26
27 18:22:41 Neighborhood Services Coordinator Rhetta McIff noted that the Kehl's will not be able
28 to attend tonight's regular meeting. It was determined to reschedule the Best of Taylorsville
29 Award to be presented to the Kehl's during an August Meeting.

30
31 18:23:09 Mr. Morgan relayed that he and the Mayor will have another matter to present for
32 subsequent consideration.

21 Carol Crockett. He thanked Susan and Bruce Holman for handling the daytime/local
22 entertainment. Mr. Dunnigan referenced the high caliber of the evening entertainment. He
23 relayed that there is no longer a need to excessively promote the event, as over 15,000 people
24 attended the concert and fireworks on Saturday night.

25
26 Mr. Dunnigan cited new events that were attended as part of this year's events, i.e. hot air
27 balloon rides that were very busy and a Movie in the Park that was attended by about 1500
28 people.

29
30 Mr. Dunnigan commended the dedicated committee of 19 volunteer members in organizing and
31 producing the Taylorsville Dayzz Event. He thanked Elaine Waegner for her help over many
32 years. He mentioned that there were 200 entries in the car show and recognized sponsor Les

39 hours during the week of the event and Taylorsville Dayzz Committee Members donated 2300
40 hours of volunteer time.

41

1 19:07:21 Chair Barbour observed that Taylorsville is run on the backs of volunteers. She
2 suggested that citizens need to “remember the past, celebrate today, and plan for the future.”
3

4 **3.2 Quarterly Report, Economic Development – *Donald Adams***

5

6 19:08:46 Economic Development Director Donald Adams presented a quarterly report on recent
7 economic development activities in Taylorsville.
8

9 19:09:39 Mr. Adams reviewed economic development recruiting efforts made during the 2013
10 International Conference of Shopping Centers (ICSC). He thanked Economic Development
11 Assistant Jean Ashby and Economic Development Specialist Wayne Harper for their tremendous
12 efforts in scheduling many meetings with businesses, developers, etc.
13

14 19:12:25 Mr. Adams cited efforts to “Turn the Tide” in Taylorsville in order to make up for
15 years of misperceptions and incorrect data about the City and its market trade area. He noted
16 that brokers and tenants are responding positively to efforts to inform, educate, and provide tours
17 of the City.
18

19 19:15:12 Mr. Adams reviewed a list of comments and feedback received at the 2013 ICSC, i.e.
20 location/geography are good; demographics are acceptable; the City and its centers look old and
21 worn; the City needs to clean up; landlords must update their centers; the City and centers are out
22 of date; the City must invest in its infrastructure; needs of businesses must be fulfilled; and
23 incentives are critical.
24

25 19:16:24 Mr. Adams observed that the City must be open-minded in providing incentives, but
26 still remain wise and ensure a good return on investment.
27

28 19:16:49 Mr. Adams reviewed what is currently happening in the city in terms of economic
29 development. He cited restaurant activity and particularly a new restaurant franchise that will
30 open on Redwood and 5400 South. He indicated that the Taylorsville location represents the first
31 franchise for this restaurant in Utah. He relayed that Wal-Mart has entered into an agreement
32 with a sit-down restaurant user. Mr. Adams cited the importance of recent access improvements
33 to facilitate new pads and thanked City Engineer John Taylor and Economic Specialist Wayne
34 Harper for their efforts in that regard.
35

36 19:19:17 Mr. Adams discussed a possible new anchor tenant at 5400 South and Redwood Road
37 in the old Furniture Warehouse. He noted that statistically it takes about 24-30 months to fill a
38 big box location once it becomes vacant and Taylorsville is still under that time frame. He
39 indicated that everything currently being done by the Redevelopment Agency is perpetuating this
40 project. He referenced certain property acquisition negotiations that have been discussed in

1 Closed Sessions. He said that the potential tenant for this location is very anxious to be in
2 Taylorsville.

3
4 19:19:59 Mr. Adams reported that additional interest has been revived at West Point Shopping
5 Center at Bangerter Highway and 5400 South. He relayed that an anchor tenant is beginning
6 studies to determine whether this is a good location for them. He indicated that this project is
7 contingent on what happens in the south part of the valley, as Taylorsville is not the primary
8 target.

9
10 19:21:22 Mr. Adams reported on redevelopment of some pads initiated by the Economic
11 Development Team at the Westwood Shopping Center near 4700 South and I-215. He said work
12 is being done on realignment of the signal to improved traffic access. He noted that two
13 prospective tenants are currently in discussions with owner at that Center.

14
15 19:22:28 Mr. Adams reported on some non-retail development activity, i.e. BloxR, Caption Call,
16 Ovivo, InComm, RBS expansion, and future ICU Medical. He referenced a good amount of job
17 growth at Sorenson Research Park.

18
19 19:25:31 Mr. Adams commended the great efforts of the Taylorsville Economic Development
20 Team and noted that it is making big strides.

21
22 19:26:05 Council Member Larry Johnson questioned reasons why landlords are hesitant to
23 upgrade their facilities. Mr. Adams referenced the ability of some landlords to receive a higher
24 rate of return on property owned in other locations. He discussed issues in dealing with national
25 retailers. He also cited the City's complex environment and the development history of older
26 businesses as contributing factors.

27
28 19:28:35 Council Members stated their recognition of positive activity in the economic
29 development arena. Council Member Kristie Overson thanked Mr. Adams for his outstanding
30 report and thanked the Economic Development Team for their efforts and positive progress.

31
32 19:31:24 Mayor Rechtenbach cited the economic development bonds issued approximately two
33 years ago and made clarification on the lengthy process that expands over years before results
34 are seen. He commended the hardworking Economic Development Team for their continued
35 foresight and diligence. He noted that successful results take much perseverance and hard work.
36 He called for the positive support of the Economic Development Team.

37
38 19:33:14 Mr. Harper expressed appreciation to Administration and the Council for its support.
39 He noted that this represents the first of several positive reports that are forthcoming. He
40 observed that success cannot be achieved without full team support and efforts.

41

1 **4. CONSENT AGENDA**

2
3 There were no matters for the consent agenda.

4
5 **5. PLANNING MATTERS**

6
7 **5.1 *Ordinance No. 13-17 - Modifying Ordinance No. 13-10 that Declared Certain***
8 ***Real Property Located at Approximately 3901 West 5400 South as Surplus to***
9 ***Provide for the Conveyance of Such Property by Special Warranty Deed***
10 ***Rather than by Quit Claim Deed - John Brems & Donald Adams***

11
12 19:34:24 City Attorney John Brems explained that the subject ordinance addresses surplus
13 property at 3901 West 5400 South and provides for the use of a Special Warranty Deed rather
14 than a Quit Claim Deed in that transaction.

15
16 19:35:21 Council Member Brad Christopherson **MOVED** to adopt Ordinance No. 13-17 -
17 Modifying Ordinance 13-10 that Declared Certain Real Property Located at Approximately 3901
18 West 5400 South as Surplus to Provide for the Conveyance of Such Property by Special
19 Warranty Deed Rather than by Quit Claim Deed. Council Member Larry Johnson **SECONDED**
20 the motion. Chairman Barbour called for discussion on the motion. There being none, she
21 called for a vote. The vote was as follows: Overson-yes, Johnson-yes, Christopherson-yes,
22 Burgess-yes, and Barbour-yes. **All City Council members voted in favor and the motion**
23 **passed unanimously.**

24
25 **5.2 Consideration of an Appeal & Request for an Animal Hobby Permit on**
26 **Property Located at 4425 South Jarrah Street (1265 West) - Mark McGrath**

27
28 19:35:51 Community Development Director Mark McGrath noted that this item was discussed
29 last week and resulted in two motions by the Council with tied votes. He noted that the matter
30 was, therefore, continued to tonight's meeting when a full Council would be in attendance.

31
32 19:36:46 Mr. McGrath gave background information on an appeal regarding an application for
33 an animal hobby permit for five dogs. He cited complaints from neighbors regarding barking
34 and animal odors in the neighborhood. He relayed that the Planning Commission heard from the
35 applicant, but no one was in attendance from the public during the hearing. He reported that the
36 Planning Commission voted unanimously to deny the application and the applicant subsequently
37 submitted a letter of appeal to the City Council. Mr. McGrath explained that there are now three
38 choices before the City Council, as follows: 1) uphold the decision of the Planning Commission;
39 2) remand the matter back to the Planning Commission; or 3) agree to hear the appeal. He
40 referenced the process necessary if the decision of the Council is to hear the appeal.

41

1 19:39:07 Mayor Rechtenbach relayed that he received a phone call from one of the neighbors
2 earlier in the day who cited concerns with anonymity, but reiterated concerns with barking, etc.
3 in regard to the permit.

4
5 19:40:06 Council Member Brad Christopherson inquired about the hole in the fence referenced
6 in supporting documentation and asked whether it has now been repaired. Mr. McGrath stated
7 his understanding that it has now been taken care of. Council Member Christopherson observed
8 that three of the five dogs have not been licensed. Mr. McGrath clarified that Animal Control
9 Services will not license more than two dogs at a property before a hobby permit is obtained.

10
11 An individual, presumably representing the applicant, spoke out to confirm that she is unable to
12 license the other dogs without an animal hobby permit.

13
14 19:41:28 Council Member Brad Christopherson stated that he would be in favor of hearing the
15 appeal. Council Member Ernest Burgess stated that he understands concerns over privacy of the
16 neighbors. He relayed that he attended the Planning Commission Meeting and then went to visit
17 the applicant's residence where he observed that dogs on the premises were not barking,
18 although a neighbor's dog was barking. He noted that some corrections have now been made at
19 the property.

20
21 19:42:56 Council Member Kristie Overson indicated that she is not in favor of hearing the
22 appeal; however, since two months have now transpired since the initial Planning Commission
23 ruling, she is more in favor of remanding the matter back to Planning Commissioners to see if
24 the situation has changed. Council Member Burgess stated that he would agree to send the
25 matter back to the Planning Commission.

26
27 19:44:04 Council Member Ernest Burgess **MOVED** to remand this matter back to the Planning
28 Commission, along with new information received. Council Member Larry Johnson
29 **SECONDED** the motion. Chairman Barbour called for discussion on the motion. There being
30 none, she called for a vote. The vote was as follows: Overson-yes, Johnson-yes,
31 Christopherson-no, Burgess-yes, and Barbour-yes. **All City Council members voted and the**
32 **motion passed with a four to one vote.**

33
34 **6. FINANCIAL MATTERS**

35
36 **6.1 Public Hearing - 6:30 p.m. - To Receive Public Comment Regarding Salary**
37 **(or Compensation) Adjustments to City of Taylorsville Justice Court Judges**

38
39 19:45:08 City Attorney John Brems gave summary background information in regard to the
40 scheduled Public Hearing. He explained that when Judge Kwan was previously ill, Judge

1 Thomas became a full-time judge. He relayed that this proposed action is to recognize that
2 related salary adjustment.

3
4 19:45:36 Chair Barbour opened the public hearing on this matter and called for citizen
5 comments.

6
7 19:45:52 There were no citizen comments and Chair Barbour declared the public hearing closed.

8
9 19:46:09 Council Member Larry Johnson questioned whether Taylorsville needs two full-time
10 judges. Mr. Brems confirmed that the City does currently have two full-time judges. Chair
11 Barbour suggested that this particular discussion is better suited for another time.

12
13 City Administrator John Inch Morgan explained that Taylorsville established a traditional pay
14 plan in 2005. He indicated that a new range has been created and established to exactly match
15 the statute requirements for compensation of judges.

16
17 **6.1.1 Ordinance No. 13-16 - Reaffirming Ordinance 12-02 with a Revised**

30 **Ranges and/or Grades for City Employees in Compliance with City**
31 **Ordinance 12-02 - *John Inch Morgan***

32
33 19:48:27 City Attorney John Brems cited Ordinance 12-02 wherein instructions were given that
34 City Administration provide annual notice of any changes to compensation ranges or grades for
35 City employees. He explained that out of an abundance of caution, a new salary range for judges
36 has been created. He asked that the Council recognize receipt of that information. He noted that
37 there are no other significant changes to report.

38
39 19:49:43 Council Member Brad Christopherson **MOVED** to adopt Resolution No. 13-14 -
40 Recognizing Receipt by the City Administrator's Annual Notice of Potential Changes to
41 Compensation Ranges and/or Grades for City Employees in Compliance with City Ordinance

1 12-02. Council Member Kristie Overson **SECONDED** the motion. Chairman Barbour called
2 for discussion on the motion. There being none, she called for a vote. The vote was as follows:
3 Overson-yes, Johnson-yes, Christopherson-yes, Burgess-yes, and Barbour-yes. **All City Council**
4 **members voted in favor and the motion passed unanimously.**
