ACTION ITEMS:

A. Approval of Previous Minutes: October 28, 2020

Laura Hunsaker stated that there needs to be a correction from “the city owns the road up to her corner and from there on it belongs to the Hunsaker’s”. This needs to be changed to say “Hunsaker’s own from the corner to the end of the pavement.”

JEANNIE CUTLER motioned to approve the Minutes of October 28, 2020 with the correction Laura suggested. KENNY FUNK seconded the motion. MOTION CARRIED with Ryan Adams for, Jeanie Cutler for, Kenny Funk for, Laura Hunsaker for, Codey Illum for, and Bob Kosbab for.

- B. Doug Madsen Subdivision Concept/Prelim:** **Doug Madsen** proposed a two-lot subdivision. He currently has one lot with a home on it and would like to create a second lot to build a new home. **Codey I** shared that there is a history regarding N. Salt Creek Road and that a committee was formed to address these issues. Doug M has agreed with the requirements set forth by the city. He will be deeding 33’ frontage in front of both lots along with paying fees into a restricted fund to cover future development on the waterline. Because Doug did pay to have the current waterline installed there have been some accommodations with the fees, they are outlined in an agreement generated by the N. Salt Creek Road Committee. **Kenny F** asked if he would be required to install the 8” pipe **Codey I** clarified that Doug will be putting the

difference from the cost of a 4" pipe to an 8" pipe into a restricted fund account which will be held until the city updates that line. The reason for this is because Doug Madsen and Blair Perry previously paid to install the current 4" line per the city's request at that time. **Doug M** shared past history about the waterline along with history regarding the road. The draft agreement outlining Doug Madsen's responsibilities is attached to these minutes. **Codey I** shared that Dana S with Jones and Associates felt ok to recommend for concept and prelim, but would like to address a few issues before final. There was further discussion about the engineer's requirements. Codey offered clarification on the items that will need to be finished before final. They are not big items and will be easy to address.

- C. **Natalie Nye/Conditional Use Permit/Kennel License:** **Codey I** shared that the reason she was required to submit a Conditional Use Permit is to make sure the Kennel License follows city Ordinance. **Bob K** shared that there was a kennel license in that subdivision at one point and part of the conditions set were regarding the number of dogs. He wondered how many dogs she was planning on having and the type of dogs. **Natalie N** shared that she has Labradors and Yorkies. The Yorkies are kept in the home and the Labs are kept outside. She is planning to breed them and plans on having three females and one male. **Codey I** shared that in section 5-1-4 it outlines the Kennel License process. They are establishing how many animals will be on the Nye's property. **Natalie N** stated that she doesn't feel she will ever have over 8 dogs unless she has a litter. **Codey I** outlined the conditions as follows: The Nye's agree to follow the nuisance ordinance and keep the barking at a minimum. Kennels will be kept clean. And they agree to have no more than 10 dogs at one time (this number does not include pups under the age of 6 months).

CODEY ILLUM motioned to approve Natalie Nye's Kennel License with the agreement that she has no more than 10 animals over the age of 6 months, that her property will be kept clean and her noise level will be kept at a minimum. RYAN ADAMS seconded the motion. MOTION CARRIED with Ryan Adams for, Jeanne Cutler for, Kenny Funk for, Laura Hunsaker for, Codey Illum for and Bob Kosbab for.
